## U. S. NAVAL PLANE REACHES PLYMOUTH, ENGLAND TO INTRODUCE

### BRITISH GIVE SEAPLANE A HEARTY WELCOME

### NC-4 Covers Last Leg of Long Flight Without a Hitch

**BULLETIN.**  
PLYMOUTH, May 31.—It has been learned here unofficially that there is a prospect that the American seaplane NC-4 may fly home over the direct route from Ireland to New Foundland. It is understood a conference will be held here shortly to discuss the project.

PLYMOUTH, May 31.—(By The Associated Press)—Seaplane NC-4, pride of the American navy, crossed Plymouth Sound this afternoon, circled the place whence the pilgrim fathers sailed in their cockle-shell ship for the new world in 1620, and alighted in the Catte Water, her epoch making trans-Atlantic flight ended.

**Received Splendid Welcome.**  
As she came into view thru the western haze, easily recognizable among the escorting British flyers by her great bulk, England gave her the splendid welcome she deserved.

Leaving Ferrol, Spain, where Lieutenant Commander Albert C. Read had elected to spend Friday night, at 6:27 this morning, the NC-4 covered 500 miles to Plymouth in less than seven hours. Despite adverse wind and weather conditions the NC-4 covered the last leg without a hitch. Safe and sound but thoroughly fatigued by the physical ordeal of the trip, as well as the mental strain, Commander Read and his crew are sleeping peacefully tonight.

**Land Where Pilgrims Sailed.**  
The rousing welcome of Plymouth residents to the American airmen and the cordial reception given them aboard the Rochester by Rear-Admiral Plunkett, the mayor of Plymouth, British and American officials and the crews of the other NC planes reached a climax with the first actual landing of the victorious crew at the port from which the Pilgrim fathers set forth for America.

There was wonderful interest in today's flight, although it was eclipsed by the previous flights of American naval officers and the British public generally. The NC-4 reached the peak of her greatest achievement when she spanned the Atlantic at Lisbon.

The last stage of the journey was regarded by airmen chiefly as a sideshow to attest the firm friendship which the war has cemented between this country and the United States.

**Skies Clear Before Noon.**  
Early in the morning when word was flashed that the NC-4 had started on the final leg of her journey, a heavy rain was falling, but shortly after noon the skies cleared and ideal conditions prevailed.

The NC-4 flew in rain and fog thru the Bay of Biscay, and fog also was encountered off Brest, compelling the plane to keep at a low altitude.

Although news of the progress of the craft was passed along by warships stationed on the way it was not until noon that word was received from Commander Read himself.

His message merely reported his position.

**Appears Out of Haze.**  
The NC-4 appeared suddenly out of the haze at 2:19 summer time. After circling over the harbor she dropped gracefully toward the Cattewater, alighting near the buoy prepared for her at 2:22. The great crowd on the harbor front cheered heartily and craft tied down their whistles in noisy welcome.

The seaplane when sighted was flying high and leading an escort of three flying boats. Her escorting planes, left no doubt of her identity. While the thousand of spectators looked on themselves hoarse, the flying boats, dropped very lightly and a fleet of small boats rushed out to greet the Americans.

Catwater and draw up alongside the NC-4.

**Inner Harbor Cabin.**  
A strong west wind was blowing in the harbor. The NC-4, however, presented a fine setting for the brilliant picture as viewed from the densely crowded slopes of Plymouth's celebrated playgrounds. The plane, the huge flying boat, obscured visibility and it was not until the NC-4 was over the harbor that its presence became known.

It had been expected the American flyer would arrive before 2 o'clock and some anxiety was felt when that hour passed. Once, flying boats which had been scouting out as far as the Eddy-stone Light, fourteen miles away returned to the pier and a false alarm was raised that the NC-4 had arrived.

**Race Into Fog.**  
Commander Read said that shortly before reaching Brest his seaplane ran into a thick fog. Bad weather conditions prevailed during the flight across the Bay of Biscay. Nevertheless the NC-4 kept her course perfectly and the trip from Ferrol was made at an average speed of about 70 miles an hour.

After a brief reception aboard the Rochester, Commander Read and his crew were taken to the Aroostook where they doffed their flying clothes before proceeding to Mayor J. P. Brown's reception at the Mayflower Stone. The parade leading to the pier was lined with British blue jackets from men-of-war and shore stations.

Mayor Brown arrived in state, accompanied by three mace bearers. He wore a cocked hat and a heavy gold mayoralty chain, with him also were the deputy mayor in gorgeous purple robe and the town clerk.

**Mayor Brown Speaks.**  
In his address Mayor Brown said:

"Plymouth is always a point of historic interest to Americans. The memorable sailing of the pilgrim fathers from this port, the comparatively unnoticed at the time, was an event which has proved to be a point in history of immeasurable interest. Mainly out of that small beginning a mighty people has sprung up and in most dramatic fashion their descendants have crossed back to us in a way never dreamed of by our forefathers and the equaling in scientific development and daring the greatest imagination of Jules Verne.

While science has made their flight possible, the great note of the achievement is that it was the old spirit of daring, courage and enterprise which wrought success.

"I am satisfied that the events we are celebrating today are but the pursuers of further great developments and that your achievement will go down in history not only as a great triumph over the elements but as tending to strengthen the relationship between the two countries."

### REFER DIFFERENCES TO WIRE BOARD

ATLANTA, Ga., May 31.—Differences between the Southern Bell Telephone and telegraph company and employees, which according to labor leaders will result in a nation-wide strike of telegraph operators, telephone and electric workers unless settled by Monday, have been referred to the government wire operating board in New York for adjustment.

President J. Epps Brown, of the Southern Bell Telephone company, in making this announcement tonight denied that there had been discrimination against employees because of union membership.

Members of a union committee which presented to the company today an ultimatum calling for the reinstatement of fourteen telephone operators, who they asserted were discharged because of membership in the Commercial Telegraphers Union said that a nationwide strike would be called at 3 p. m. Monday unless demands were met.

Mr. Brown said that only six out of 750 women operators in Atlanta had been discharged since May 1 and that the company "made no distinction between union and non-union employees."

### SEARCH FOR GIRL

Chicago, May 31.—Miss Lillian Paustebach, daughter of the postmaster at Abbotford, Wis., left home seven months ago when suspected in connection with a 23-cent discrepancy in a postal matter but today the police began seeking to tell her that her honesty has been proved.

### HOFFMAN MINISTRY OUTS

Copenhagen, May 31.—The Hoffman ministry has resigned, according to a message from Bernadine Bavaria. It is expected that a ministry on a broader basis will be formed.

### Opposition Delays Action On Tax Repeal

WASHINGTON, May 31.—Unexpected opposition to the repeal of the luxury tax section of the war revenue bill developed today in the house and sponsors of several other proposed repeals, ready to offer substitutes, forced postponement of final action until next week. Its supporters, however, said adoption was certain.

Representatives Cannon, Republican of Illinois and Thomas, Democrat of Kentucky and Sims of Tennessee, led the attack against the repeal which was unanimously proposed by the ways and means committee, and easily had passed the house in the last congress. Chairman Fordney, Republican and Representative Kitchin of North Carolina, ranking Democrat of the committee urged repeal.

Opponents, however, attacked the proposal declaring that it only removed costly articles, including wearing apparel from taxation, which could be borne without financial injury of consumers. Advocates of the repeal declared the tax was levied in time of war to discourage expensive purchases and prevent their manufacture but admitted that the loss of \$85,000,000 revenue expected to result from the levy would be keenly felt by the treasury.

### FAMOUS 94TH PURSUIT SQUADRON RETURNS

NEW YORK, May 31.—The famous 94th pursuit squadron, commanded by Eddie Rickenbacker, American "ace of aces," some of whose members flew with the Lafayette Escadrille before the United States entered the war, returned today on the Transport Louisville. The squadron has been credited officially with 70 enemy planes and unofficially with 42 others.

The 94th is said to have bagged the first and last German planes of America's participation in the war. Its casualties were ten killed, five wounded and three taken prisoner.

### VANDALS RUIN PROFESSOR'S HOME

CHICAGO, May 31.—Vandals ruined practically everything today in the home of Professor Chester Frae, engineering, Armour Institute.

It was poured on carpets, ground coffee, talcum powder and spices rubbed into clothing, wall paper scribbled with obscenity, paintings made the target of gas, dishes smashed against walls, silver utensils flattened and furniture hacked.

Mrs. Frae blamed anti-American sympathizers. She said her husband had torn German language papers from the hands of persons whom he saw reading them, and had objected to hearing German spoken. Only a ten-year-old son was in the house when three men entered today. They locked him in a closet.

### SWISS COMPLAIN ABOUT BLOCKADE

BERNE, Friday, May 30.—The Swiss federal council today gave out a statement in which complaint is made that Switzerland has been unable to obtain from the allies modifications of the blockade of Germany, the maintenance of which it is said is putting Switzerland in "more untenable position."

The statement gives the text of a note which has been sent to the allied governments formally demanding that the blockade be raised insofar as it concerns Switzerland "will find it necessary to recover her liberty of action."

### BAKER THANKS NAVY

Washington, May 31.—Secretary Baker in a letter today to Secretary Daniels, thanking the navy for the expeditionary conversion of eight German liners into transports, estimated the home-ward movement of troops this month at 320,000 men a new high record.

### THREE DEAD IN INDIANAPOLIS AUTO RACE

### Wilcox Wins Series of Accidents Marks Event

**HOW THEY FINISHED**  
First, Wilcox, Time 5:44:21.75. Average 87.12.  
Second, Hearne, Time 5:46:15.05. Average 86.64.  
Third, Goux, Time 5:50:49.90. Average 85.51.  
Fourth, Albert Guyot, Time 5:53:33.50. Average 84.85.  
Fifth, Tom Alley, Time 6:06:54.35. Average 81.26.  
Sixth, DePalma, Time 6:10:16.92. Average 81.04.  
Others finishing among the first ten were:  
Seventh, L. Chevrolet, Time 6:11:46.33.  
Eighth, D. Hickey, Time 6:14:38.62.  
Ninth, G. Chevrolet, Time 6:15:14.88.  
Tenth, Rene Thomas, Time 6:25:27.89.

INDIANAPOLIS, Ind., May 31.—Howard Wilcox of Indianapolis, today won the seventh annual International Sweepstakes Race of five hundred miles at the Motor Speedway, his time for the distance being 5:44:21.75.

Two drivers, Arthur Thurman and Louis LeCocq and a mechanic, R. Bandini, were killed during the contest, and two others were injured.

As a result of his victory, Wilcox wins a prize of \$20,000. Fifty thousand dollars was divided among the first ten drivers. The other prize winners finished in the order named:

Hearne, Goux, Guyot, Alley, DePalma, L. Chevrolet, Hickey, G. Chevrolet, and Thomas. Wilcox and Guyot were teammates. Wilcox assumed the lead as the contest approached the half way mark and drove consistently. He had two stops, once for a tire change and on the other occasion to take gasoline, oil, water, and to repair a loose steering knuckle. His average was 87.12 miles an hour.

All records for the Indianapolis Speedway were shattered by Ralph DePalma for the first two hundred miles. Long stays in the pits, however, put the Italian driver almost entirely out of the running and it was only by terrific speed that he managed to finish sixth. He barely passed L. Chevrolet. Arthur Thurman, driving a car he had reassembled himself, was killed when his machine turned over on the back stretch before the race had progressed 250 miles. He was dead when found. His mechanic received a fractured skull, and was rushed to a hospital, where he was operated on immediately.

Louis LeCocq and his assistant, R. Bandini, were burned to death when their car turned over and caught fire. The accident happened on the north turn and the machine rolled over three times before it stopped, pinning both the driver and mechanic under it. Wilcox has partaken in every five hundred mile race held at the Indianapolis Speedway. It was his first victory, however.

The race was one of the most sensational ever held here. Broken steering knuckles, the loss of wheels, two cars overturning without serious injury and the loss of exhaust pipes kept the crowd on edge from start to finish. The electrical timing device was broken when one car, putting in minus a front wheel, caught the wire and tore it from its connections. This happened in the last fifty miles of the race.

At no time was the field strung out, not more than two minutes separating the winner and the second man. The remainder of the field was proportionately bunched.

### EXTEND SCHEDULE OF AIR SQUADRON

WASHINGTON, May 31.—The schedule of the squadron of six DeHavilland airplanes which left Dallas, Texas, May 15, for Boston has been extended. It was announced today, to include exhibition flights at Chicago, June 2-3, LaCrosse, June 5, Madison, June 8 and Rockford June 9.

The squadron is at Indianapolis, having covered 1,210 miles in 780 minutes, flying time.

Paris, May 31.—Premier Clemenceau as president of the peace conference replied to the last two German notes. The official statements on the replies have not been issued.

### Strikers Break Up Winnipeg Council Session

WINNIPEG, May 30.—A parading crowd of two thousand or more soldiers and union men, spousing the labor side of the general strike in Winnipeg today swept thru the provincial house of parliament and then marched to the city hall, where they broke up a council meeting.

In both buildings speakers, using violent language charged that Premier Norris and Mayor Charles F. Gray were not dealing properly with the strike situation and showed that "something had better be done soon."

### Will Pay Third Call.

This was the second parade to parliament in two days. The marchers notified Premier Norris that they would pay him a third call on Monday. Tonight city and federal officials were considering the advisability of asking military forces to guard public property in the face of the most serious situation since the strike began May 15.

City officials feared further attempts at demonstrations might involve more of the cooler heads among the strike leaders, who seemed to be in the minority in today's parade. The paraders included returned soldiers not members of the unions, returned soldiers who are on strike, and some men who did not wear the uniforms of returned soldiers. A considerable percentage of them appeared to be striking workmen. Only a very few of the marchers wore military uniforms.

### Leading Grievances.

Many of the remarks from the crowd at parliament and the city hall indicated that their leading grievances were the determination of Premier Norris not to take an active part in the settlement of the strike until the sympathetic walkout is called off and the action of the city in determining that its union policemen sign new pledges not to participate in general strikes.

The crowd which marched to parliament was larger than that which went there yesterday. Richard McDonald, secretary of George A. Grierson, minister of public works was on the floor of the chamber. He wore a small Canadian flag. Several men rushed toward him. In a twinkling the flag was removed and an army officer who attempted to interfere was swept aside.

### Refusals to Take Flag Off.

"Take it off," screamed men in the crowd. The premier refused. He told the men it was the first time he had ever heard such references to his country's emblem.

When partial quiet was restored the premier was asked by a half dozen men whether "this thing (meaning the strike) was going to be settled."

Norris replied that the sympathetic strike must be called off before he would act. Hisses, catcalls and profane comments resulted. The marchers declared that "we're not satisfied" that they would return to parliament on Monday and that they "wanted action."

### URGES SENATE TO RATIFY TREATY

ST. LOUIS, Mo., May 31.—Resolutions endorsing the administration of President Wilson, urging the senate to speedily ratify the peace treaty, including the league of nations, and recommending that the president use his efforts to secure for Ireland the right of self-determination were adopted here today by the Missouri State Democratic committee.

The committee also endorsed the administration of Governor Gardner.

A move on the part of certain leaders to have the state organization place itself on record as repudiating Senator James Reed for his opposition to the league of nations was frustrated in the interests of harmony.

### NOT MODIFY TERMS SAY ALLIES WILL

PARIS, May 31.—The Associated powers, the Paris news-papers declare unanimously will accept no important modification of the peace terms as a result of the German counter proposals. The allies also will reject all verbal discussion.

The Echo De Paris says that the answer to the counter proposals will be short. The answer will reflect almost entirely all the German suggestions, the Ex-celsior says but a few points on the detail of territorial clauses may receive retouching.

### AUSTRIANS TO RECEIVE TERMS MONDAY NOON

### Small Powers Make Reservations on Two Clauses

PARIS, May 31.—(By The Associated Press).—The secret plenary session of the peace conference this afternoon decided to present the peace treaty to the Austrians at noon Monday. The small powers made reservations on the financial and reparations clauses.

The session was held in the foreign office and was largely attended. It developed a spirited discussion. Premier Brattiano of Rumania; M. Trumbitch, of Serbia; Premier Venizelos of Greece and the Czechoslovak delegation presented reservations on the financial and reparations end.

M. Clemenceau replied, chiefly on the criticisms regarding lack of time, pointing out that more time had been granted than was originally asked.

President Wilson also made a conciliatory speech urging that the great powers had borne the chief responsibilities and had cheerfully considered the interests of the small powers.

The rights of the minority on questions of race, language and religion were objected to by the small powers, which maintained that this was an infringement of their sovereignty rights. M. Clemenceau assured them that this would be considered by the council of four before the treaty was presented and an agreement that the peace treaty. The small powers, which recently asked for an extension of time for the purpose of examining those clauses which particularly interested them, have made reservations on the financial and reparations points.

Important discussions were held Saturday on the Adriatic settlement, the Jugoslav delegates conferring with the members of the American delegation excepting President Wilson. The president later went over the matter, as well as the German terms with his conferees.

It has not yet been disclosed whether the Austrian treaty is complete.

The German counter-proposals have not yet been answered and it is possible several days will elapse before the reply is sent. Indications in French diplomatic and official circles are that the pleas put forth in the counter proposals were contained in previous German notes and that the peace treaty by the allied and associated powers. It is not believed the Germans will be able to gain any important concessions.

### Hold Important Discussions

### ESTIMATES PROVIDE FOR ARMY IN EUROPE

WASHINGTON, May 31.—Estimates sent to congress by the war department, provide for maintaining 600,000 men in France and Germany in July, 400,000 in August and 200,000 in Sept. Maj. McKay, on the army bureau of finance, told the house military committee today that should an army of occupation be needed after October 1, congress would be asked for additional funds.

Brig. Gen. Lord, head of the bureau of finance, and an order department to congress by the war department, explained the army appropriation bill, which totals \$1,252,000,000, compared with \$1,177,000,000 in the bill which failed in the last congress. The largest increase is for the air service, \$33,441,000.

### DEALER SELLS FORTY PLANES IN CHICAGO

CHICAGO, May 31.—At the end of the first week of selling airplanes, an automobile dealer has added planes to his stock, announced today that he has sold forty machines and declared himself satisfied there was a field for the commercial plane. The dealer, a veteran of Automobile Row, has based 150 Canadian army training planes and made Chicago the first commercial airplane center in the country.

One motor truck concern bought seven planes to deliver spare parts to dealers. The order for planes already received have come from Illinois, Iowa, Indiana and other mid-western states. Denver was the origin of three orders and Kansas City of ten.

### POLES OCCUPY TOWN...

Basle, May 31.—The Poles have occupied Stanislaw, Galicia, 75 miles south-southeast of Lemberg according to an official announcement from Warsaw.

The Ukraine garrison of Stanislaw was disarmed by the Polish forces.

### Discharge Two Million And Quarter Men

WASHINGTON, May 31.—Twenty five combatant and 7 skeletonized divisions will have been returned home when the movement of the 81st and 90th divisions, now in progress, has been completed. In announcing this today, Gen. March, chief of staff, said the expeditionary forces are practically reduced to seven regular divisions, four of which have been released for early return.

Demobilization of the army, Gen. March said, has returned 2,276,299 officers and men to civil life.

### Give Transport Figures.

New York, May 31.—Of the 220,000 troops brought home from overseas this month, vessels operated by the cruiser and transport force of the navy carried more than 200,900, it was announced today at the office of Vice Admiral Gleaves. This represents the work of 89 ships, former German liners, converted freighters, and battleships and cruisers fitted as transports. Several ships, including the Leviathan and Great Northern, made two round trips during the month.

The latest addition to the troop carrying force, the Imperator, will sail on June 2, on her first return trip from the United States since 1914. The ship, which carried only 3,000 men on her first voyage under the American flag, can now carry 1200 officers and 5500 enlisted men and a crew of 2,200.

Inasmuch as the Imperator is not the property of the United States, and is to be returned, it is said, as soon as the troop movement is over, the navy department has not made any considerable alterations to increase her carrying capacity. The extra space for troops was created by building sleeping accommodations that did not alter the ship's interior structure.

### WOULD CENSURE STATE SECRETARY'S OFFICE

CHICAGO, May 31.—Censure of the Illinois secretary of state's office for failure to prevent much of the Consumers' Packing Company stock sales was recommended today by the May Federal grand jury. The jury said much of this stock was "sold to uneducated people of foreign extraction trained from childhood to great respect for the government. We learned the final argument to induce them to purchase was a 'house' granted salesmen by the secretary of the State of Illinois."

"We are not prepared to state whether the fault is due entirely to carelessness, or to the fact that the department had no proper equipment owing to lack of funds."

### WEATHER FORECAST FOR COMING WEEK

WASHINGTON, May 31.—Weather predictions for the week beginning Monday are:  
Region of Great Lakes: Showers first part of week followed by generally fair. Change to normal temperature Monday followed by Wednesday and normal thereafter.

Upper Mississippi Valley and lower Missouri Valley: Temperature below normal first half and normal second half of week, generally fair.

### GORGAS AT PANAMA

Panama, May 31.—Major Gen. W. C. Gorgas, head of the American yellow fever from Guayaquil, Ecuador, enroute to the United States. The commission has been investigating conditions in northern South America under the auspices of the Rockefeller Foundation.

### WEATHER INDICATIONS AND TEMPERATURES

### RESOLUTION IN HUN ASSEMBLY

### Would Invite Former Emperor Back to Germany

LONDON, May 31.—The Pan-German Union proposes to introduce in the German national assembly a resolution inviting the former German emperor to return to Germany, according to an Exchange Telegraph dispatch from Berlin.

### Offers Separate Peace?

London, May 31.—A number of prominent Germans, chiefly Bavarians, have conferred in Switzerland with representatives of allied powers, a Berlin dispatch received at Copenhagen and forwarded by the Central News, says, and it is believed that Bavaria and other South German states have been offered peace conditions in there should be a separate peace.

### Tightens Martial Law.

Berlin, May 31.—By the Associated Press.—The government apparently anticipates trouble in Berlin in the near future for the minister of defense, Gustav Noske has tightened up the screws on martial law under which the city still lives.

It was announced last night that the minister had relaxed the provisions of the law so far as to allow demonstrations against the peace terms. Public meetings and parades.

But he considers that this has been accomplished, and now forbids not only public gatherings, but private meetings in doors unless specific permission is given. The reason for this is many meetings called, presumably for protest purposes, have developed into incitements dangerous to the government and agitations in favor of new uprisings.

### DEMOCRACY TRIMS TIRPITZ BEARD

BERLIN, May 17.—Correspondence of the Associated Press.—The familiar flowing beard of Admiral von Tirpitz has been reduced to closely cropped chin decoration and the haughty former chief of the admiralty may be seen "strap-hanging" in Berlin trains.

The Vorwarts commenting on the admiral's present "mode of travel, recalls that just a year ago he aroused the wrath of Social excursionists by reserving a train compartment to himself while women and children were forced to stand, and add "that democracy not only has trimmed prerogatives but his beard as well."

### THE ARGUING HABIT.

F. H. Collier says that when we are thinking of bad habits and vices that destroy life and character, think about arguing. It's true, too, that continuous arguing is worse than a bad habit for it saps not only the strength of the "arguer" but gets on the nerves of his adversary as well. A centenarian who celebrated his

birthday recently declared that one reason he had lived so long was because of the peaceful years he had spent, declining to argue with anyone. This man was content to settle the question for himself without trying to convince other people of the truth of his words or position. If you must argue save your efforts for cooler weather.

The national association for the advancement of colored people has started another national campaign against lynching, the records showing that the number of lynchings in the U. S. has increased rather than decreased the past year. The strangest thing about the renewed movement by the colored association is the fact that the lynching which gives point to the agitation was that of a white man at Lamar, Mo.

### LOOKING OUT FOR THEIR OWN.

While the road activity this year is due partially to the lower cost of oil and the higher cost of materials for hard road building, the greatest factor seems to be the desire of business men in many towns to make the highways passable to their town and thus in-

crease their trade area or at least keep their trade from drifting away to other cities. Get down to the facts underlying nearly every oil road proposition and you will find the principal advocates are long-headed business men who see that good roads mean more business.

This question of keeping the country highways which lead to Jacksonville in constantly passable condition is one which may well receive the attention of the Jacksonville Chamber of Commerce, now coming into renewed activity.

Just about the best advertisement which has appeared in a local paper for months is that of the Walbridge Construction Co., seeking laborers on the dam and spillway for Jacksonville. Work has been progressing as satisfactorily as weather conditions would permit and the advertisement means increased activity and the nearer approach of the completion of the improvement.

There have been only two days of hot weather yet most people are complaining mightily and hoping that this is not indicative of the days of June and July still to come. How quickly people forget! Less than a week ago complaints were vigorous because of the cold damp weather that was keeping vegetation back and interfering with Morgan county's fine crop prospects. This hot weather must be in answer to the farmers' prayers, yet even some of the more complaining that it's too hot to get much work done.

The policemen of London are voting on the question of a strike. My, but it would be a serious thing if the police force in Jacksonville were to "go out," especially would this apply to the night force. The peace and safety of Jacksonville for some months past during the night hours has been under the watchful eyes of two policemen. It is well that Providence is not unkind.

### THE BIG QUESTION SOLVED

The current issue of the Ladies' Home Journal will certainly have a wider audience of readers than ever before. Advance announcements promise that this number contains satisfactory rules for living. These rules, the advertisements declare, have been tried out successfully in numerous instances and are guaranteed as practical and certain in their effect. This question has been absorbing the public mind for several years past and if the Journal has found the solution it deserves a congressional medal and numerous service stripes for all its editors.

But here's a guess that about the only solution for living costs is for each individual to be satisfied with less in quantity and quality than he was in the pre-war period.

It is noticeable in the agitation in the senate for restricted immigration during the next few years that Senator Johnson of California is one of the principal advocates of the law. Possibly the senator feels that this would be a happy solution of his own state's troubles over the Japanese question—if immigration were wholly restricted. At any rate that might settle the California question temporarily. It is reasonable to expect that without restriction there will be a great influx of foreigners seeking to avoid the war taxes of their own countries. But it must be remembered that there isn't to be freedom from war taxes here for some time to come. Another strange thing about the immigration matter is that the records show so many applications of foreigners now desiring to return to their native countries.

### Graduation Recitals.

At Northminster church were held last Thursday and Friday evenings the Graduation Recitals of Illinois College Conservatory. These final recitals which usually take place about the middle of May were unavoidably delayed this year, owing largely to the epidemic of influenza thru the winter, hence fell necessarily on evenings which were occupied by other important events. In consequence the audiences were not as large as in some other years. However there was much appreciation expressed by those who attended, and every student went thru her task creditably.

On Thursday evening the program was opened by Lillian Longergan, who played the first movement of the Schumann Concerto with excellent manner and good tone and touch. She was followed by Catherine Rapp, who sang an aria from "Samson and Delilah," revealing a contralto voice of lovely quality and good range. The third number, Mendelssohn's D minor Concerto for piano, was performed by Cornelia LaRue with good taste, showing careful preparation. Mabel Forrester gave the charming Waltz Song from "Romeo and Juliet" in very pleasing style and with surprising flexibility. A contrasting number was sung next by Lorine Dewese whose mezzo-soprano voice is agreeably smooth and expressive, showing thorough training. The G minor Mendelssohn Concerto for piano was offered by Julia Gilman, and was given with commendable variety of tone as well as brilliancy. Ethel Carter closed the program with Liszt's beautiful version of the Lorelei, bringing to her task a truly musical temperament and a lovely soprano voice, capable of exquisite pianissimo.

Friday evening's program was also of good variety. It was opened by Martha Priest and Ellen McCurley who played Saint-Saens' descriptive "The Spanning Wheel of Omphale" in a manner that left little to be desired. The buzzing of the wheel and the melodious picturing Omphale's laughter and Hercules' groaning, were well brought out. The first vocal number was offered by Ruth Melba Armstrong, whose contralto voice, of excellent timbre and surprising volume, was given good opportunity in the aria from "La Favorite." After her came Mary Elizabeth Pribe, singing the ever-loving Air from "Herodias" with sympathetic understanding, clear enunciation and artistic phrasing. The second piano number was a group of three pieces by Debussy, which Virginia Bullard performed with lovely tone, much intelligence and true musical feeling. Edna Hackett came next with the always - delightful Jewel Scene from "Faust" and also she was suffering from a severe cold, she sang it with charming abandon and finish adding thereto a nameless something which for lack of a better word we call "style." The program came to a close with the Gries concerto for piano, a richly colored composition, which Mary Alexander played with enthusiasm and much loveliness of tone as well as surprising power.

After the musical numbers President Rammelkamp presented certificates to the following students: Misses Ruth Melba Armstrong, Lucille Baker, Lucille Bennett, Virginia Bullard, Ethel Carter, Lorine Dewese, Mabel Forrester, Edna Hackett, Mary Elizabeth Pribe, Martha Priest and Catherine Rapp.

## "DON'T CHANGE YOUR HUSBAND"

### The Main Points

It's a Cecil B. De Mille Master Artercraft picture. A production of striking appeal to every husband and wife—the kind they'll discuss for days after they have seen it.

The gowns, the settings are superb, the women beautiful, the men appealing. The cast includes Elliott Dexter, Gloria Swanson, Lew Cody, Sylvia Ashton, Theodore Roberts, Julia Faye and James Ueill.

Three feature scenes, Pleasure, Wealth and Love, make up a spectacle in themselves. In all—the finest domestic drama of the year.

## MAVERICKS

Our soldier boys are coming home. Let's greet them with a cheer. For those who sleep in far off France We will shed a silent tear.

Now that the May date fete at Illinois College is over perhaps we will have some good weather.

### USUALLY CAUSES THEM.

In the Sangamon county circuit court last week Judge Smith granted a divorce to Peter Rumors from his wife, Martha A. Rumors.

After Zolding the record of being the coldest city last winter Winnipeg reversed herself last week and tied with Helena, Mont. as the hottest city on the North American continent, having a maximum temperature of 98.

Judging from the way whiskey is being stored away by citizens of the United States there are still a lot of people who like their red liquor despite the prohibition wave that is sweeping the country.

We saw the pamphlet issued by the state utility commission the other day in which it sets forth that all of the complaints about the commission by various officials are not well grounded. In the pamphlet we also note that the rates of gas and electricity for Jacksonville were reduced. It seems to us that later the rates were increased along with the street car fare but no mention is made of this.

The only redeeming feature about the recent rainy weather was that it gave a man an excuse for not working in his garden.

By the time the new council digs its way out of the present city indebtedness it will have that spade presented by Dr. Harker pretty well worn.

### SOLID FOUNDATION.

"Their feet," he says, "will stand as one of the greatest in history," is what our esteemed contemporary quotes Representative Britten of Illinois as saying relative to the flight of Lieutenant Commander Read and crew across the Atlantic in the NC.4.

There is one order issued by the state utilities commission that we have never been able to figure out. That is the one compelling municipalities to pay for all telephones used in city departments. That rule compels cities to pay out funds that are greatly needed elsewhere while in most Illinois cities, as is the case in Jacksonville the telephone companies occupy the streets with valuable franchise rights for which they pay nothing.

We could never see why some people show such great glee over the prohibiting of the manufacture of beer containing about three per cent alcohol and at the same time make dandelion and similar wines for home use that contain about fifteen or twenty per cent alcohol.

The dispatches tell us that von Hindenberg wants to live in Switzerland. We don't see, however, why Switzerland should have any misfortune like that wished on her.

Germany's representatives seem to have acquired the note writing habit.

When it comes to note writing, however, we will place our bets on President Wilson against the world.

## Yaqui Indians Attack Town; Kill American

NOGALES, May 31.—The town of Nogales, located 525 kilometers south of Nogales on the main line of the Southern Pacific de Mexico, was attacked by Yaqui Indians yesterday, according to telegraphic information received here. Details are meager but several Mexicans and one American are said to have been killed.

Sends Message to Washington. Washington, May 31.—General Felipe Angeles, recently proclaimed by Villa's forces as provisional president of Mexico, has sent a communication to Washington, it was learned today, for presentation to the state department, setting forth his objects in leading the revolution now in progress in northern Mexico. Secretary Fok said no communication had been received today and none would be received as Carranza was president of Mexico and General Angeles was a rebel operating against the constitutional authority. He made it plain however that General Angeles was regarded as an excellent soldier with a good record.

In the communication which he hoped would reach the department, General Angeles declared the primary purpose of his revolution was to restore the constitution of 1857, which he pointed out provides for the legal change of the fundamental laws of the country and which makes the Queraturo constitution illegal. He promised protection to all legal interests of Mexicans and foreigners and said he wanted to restore law and order in all parts of the republic.

General Angeles, emphasized that he would not deal with Felix Diaz, General Manuel Mondragón, Roldofo, former President de la Barra or anyone who was a member of the Huerta cabinet at the time of the Madero assassination.

Denies Use of Planes. Washington, May 31.—The Carranza government has refused to permit American oil companies to transport their payrolls from Tampico to the fields by airplane. The request was made because of frequent bandit attacks. The companies it was stated had obtained the services of American flyers and had arranged to purchase planes.

### CONDITION OF BANKS.

New York, May 31.—The actual condition of clearing house banks and trust companies for the week (five days) shows that they hold \$22,653,160 reserve in excess of legal requirements. This is a decrease of \$31,492,420 from last week.

### MARCH WARNS SOLDIERS

Washington, May 31.—General March today warned discharged soldiers against procuring spurious "victory ribbons" which are being offered by many stores. Adequate supplies of the official ribbon have been ordered by the department and will be distributed soon.

## COUPLE WED IN GIANT AIRPLANE

HOUSTON, May 31.—With the deafening exhausts from two twelve cylinder Liberty motors beating the wedding march, Lieut. R. W. Meade of Cincinnati, O., and Miss Marjorie Dumont of Yorkville, Ind., were pronounced man and wife, more than 2,000 feet above the heads of 10,000 spectators at Ellington Field today. The ceremony is the first of its kind ever recorded and a giant Handley Page bombing airplane was required to accommodate the wedding party of twelve persons.

Shortly after 4:30 p. m., the party stepped into the huge plane and embarked for the skies with Lieutenant E. W. Killgore, first aerial mail man between New York and Washington, as pilot and Chaplain Lieutenant J. E. Rees of Neven, Ohio, acting as sure-enough "sky pilot."

After the ceremony was completed the pilot drove the cruise ship for a twenty minute cruise thru light clouds.

### POPE APPROVES PLANS

New York, May 31.—Pope Benedict XV in the first letter ever addressed by him to the entire American hierarchy has given his approval of plans for American Catholic religious, social and economic activities, it was announced tonight. The letter specifically urged support by all Catholics of the project to erect a national Catholic shrine in honor of the Blessed Virgin at the Catholic University, Washington.

In Serbia, he received the decoration of Commander of the Order of the White Eagle.

## BEEF PRICE DROP CLOSE "AT HAND"

CHICAGO, May 31.—A decrease in the price of beef is "immediately at hand," according to a statement issued today by the bureau of public relations, American meat packers' association.

"Despite the fact that beef already is cheaper than pork, poultry and mutton, it probably will decline further within the next few days," said the statement. "There are several reasons. Cheap, grass fed cattle, which hitherto have not been plentiful, are now moving to market. Exports of beef have practically ceased. The government has stopped buying."

"It may take a few days for the lower price to reach the consumer. The reason is obvious. The retailer cannot lower his price until he replenishes his stock at the reduced wholesale figures."

## URGES PURCHASE OF CHICAGO HOSPITAL

WASHINGTON, May 31.—Purchase by the government of the Chicago speedway hospital was urged before the house military committee today by Dr. John Dill Robertson, health commissioner of Chicago and a delegation of Illinois senators and representatives.

Dr. Robertson told the committee that hundreds of discharged soldiers in Chicago needing hospital care because of a critical lack of hospital facilities.

These include, he said, 1,600 suffering from tuberculosis. Chairman Kahn told the delegation the committee was not empowered to recommend purchase of the hospital as the public health service and not the war department was charged with providing hospital facilities for discharged soldiers.

## TORONTO FIREMEN THREATEN TO STRIKE

TORONTO, May 31.—With no progress made today toward settlement of the general strike called yesterday in sympathy with striking metal workers, unionized members of the Toronto fire department used an ultimatum tonight that they would walk out next Thursday leaving the city without fire protection unless their wage demands are granted. The unionized firemen who are affiliated with the International Fire Fighters of America claim they control 59 per cent of the department's personnel.

The central strike committee claimed tonight that between 8,000 and 15,000 additional workmen had joined the ranks of the strikers today and predicted additional walkouts Monday.

## ARREST COSA RICAN REBELS.

San Juan, Del. Sur, Nicaragua, Friday, May 30.—The Nicaraguan government is disarming and arresting all Costa Rican revolutionists crossing the border. Lack of ammunition is said to have caused the failure of rebels.

### WILL CLOSE HOTEL.

Chicago, May 31.—Announcement that the Grand Pacific hotel will close Tuesday was made today. The bar will continue in operation indefinitely. The hotel was built in 1873. It will be torn down and a bank building will replace it.

### PRaises KOLCHAK ARMY.

Seattle, Wash., May 31.—Major George W. Simmons, special commissioner of the American Red Cross, here today on his way to his St. Louis home, praised Admiral Kolchak's army and predicted he would take Maseok by August. The people of Siberia and eastern Russia, he asserted, are solidly behind the Kolchak government in its fight against bolshevism.

### BABY DROWNS IN BATH TUB

Kalamazoo, Mich., May 31.—Mrs. Albert Fairbrother, of this city, left her eleven months son in his bath tub for two or three minutes today while she went to the front door to fetch another child into the house. When she returned, she found the infant face down in the water dead.

### BLOOMINGTONIAN DIES

Bloomington, Ill., May 31.—John M. Foster, wealthy retired farmer and stock raiser died at his home here today from hemorrhaging of the arteries and general infirmities. He made a division of his property, including 2,000 acres of land to his two children several years ago.

## S. G. CHUMLEY IS AWARDED CONTRACT

Will Complete Erection of Eli Bridge Company Building—Had Contract for Foundation.

Announcement was made yesterday that the contract for the completion of the Eli Bridge company plant had been awarded to S. G. Chumley, J. K. Pierson the architect and said yesterday that construction work would be pushed with all possible speed.

Some time ago Mr. Chumley was awarded the contract for the excavating and foundation of the building and naturally is much pleased that he received the contract for the final structure.

In addition to the main building there is to be an office erected. This will be placed on the west side near the center so as to be convenient to all parts of the plant. The office building will be brick, concrete and steel and will be in dimensions, 20 by 50 feet and two stories in height.

While the amount of the contract is not made known it is understood that the building when completed will cost between fifty and sixty thousand dollars. With favorable building conditions and prompt movement of materials it is expected that the building will be ready for occupancy by October 1.

## LIEUT. BYRON GRAFF IS IN CIVIL LIFE

Returned to Jacksonville Saturday After Nearly Two Years in the Army Service.

Lieut. Byron Graff came to Jacksonville Saturday morning, much to the joy of the Graff household, which at this time includes his wife and little daughter from Springfield, together with his parents, Mr. and Mrs. Grant Graff. Lieut. Graff entered the army service at Springfield June 2, 1917, and was assigned to duty with the 33d division at Camp Logan in the ordnance department. He served for some months as chief clerk of the ordnance department and was then transferred to the ordnance school at Camp Meade, Md.

There he was one of forty rewarded for good work, receiving his commission as second lieutenant Feb. 27, 1918, and was sent overseas. At this time he was transferred to the air division and was placed in service at the headquarters in Paris. The work there related to the distribution of armament for aeroplanes. He served in Paris for ten months and it was there Oct. 28, 1918, less than a month before the signing of the armistice, that he was commissioned a first lieutenant.

In February of the present year Lieut. Graff was reassigned to the ordnance department and sent to Meun-sur-Yerve and engaged in the work of organizing companies to return to the U. S. In charge of one of these companies he sailed May 11 from Bordeaux and landed May 24. He went to Camp Merritt to assist in the demobilization of the company of which he was in charge, and then went on to Washington to receive his discharge.

Lieut. Graff, looking back over almost two years of army service, finds in it much which has been of value to him, but is very glad to resume his state department position in Springfield.

## PASTORIAL HELPERS NOTICE.

The Pastoral Helpers at a meeting to be held Wednesday, June 4, at 3:30 o'clock, p. m., will consider the question of the redecoration of the church above the basement. The committee is expected to make a report at this meeting as to the probable cost and it is hoped that every member will be present; also persons not members of the society but who are interested in the work, members of the house and grounds committee and the pastor. The work will be quite expensive and all persons mentioned should have a voice in deciding as to whether or not to proceed. Remember the date, June 4, 3:30 p. m.

If you don't see "Don't Change Your Husband," at Scott's Theatre, Monday and Tuesday, you will miss a treat.

## Sunday School Picnic.

An all day picnic was enjoyed Saturday by the Baptist Sunday school classes taught by Byron Stewart, Wayne Gard, Lindley Williamson and Leon Stewart. The boys assembled at the church in the morning and rode on a hay rack to the Vasey woods, eight miles west of the city.

After eating a picnic dinner, the classes entertained themselves with an interesting and exciting baseball game. Harold Miller and Harold Rabjohns were chosen as captains, and at the end of the ninth inning, Rabjohns' team scored a 40 to 26 victory. Other games occupied the remainder of the day, making the picnic a happy occasion for everyone present.

## Sinclair Country Club.

A meeting of the Sinclair Country club was held recently with the misses Mahon with a good attendance. Mrs. James Mahon was a guest of the club. Miss Anna Mae Wilson gave a paper on the "Origin of Memorial Day." Miss Elizabeth Mahon gave a paper on "How America Came to Enter the War," and also furnished music. Roll call was responded to with current events. The next meeting will be held with Mrs. Newton Wilson.

Banquet for Seniors at I. S. D. One of the most delightful social occasions which have marked the closing days of the Class of 1919 at the School for the Deaf was the banquet given in honor of the graduating class by Mrs. Welch, matron of the school Saturday evening, May 31st. Mr. and Mrs. White, the teachers and pupils of the academic classes were among the guests.

Following the feast of good things Mr. Taylor, class officer of the graduating class, acted as toastmaster and with introductions, witty and wise, proposed the following toasts which were responded to in such a happy vein as to bring forth hearty applause: "Our School"—Mr. C. W. Taylor.

"Our Superintendents"—George Murphy.

Reply—Mr. H. T. White.

"Our Principals"—William Willis.

Reply—Miss S. T. Wood.

## THE ROMANCERS PRESENTED AT I. W. C.

Edmund Rostand's Play Given Under Direction of Miss Margaret Constance, Head of Expression.

Edmund Rostand's comedy, "The Romancers" in three acts was presented on the campus at Illinois Woman's College Saturday evening before a large and appreciative audience.

M. Rostand first achieved fame as the author of Cyrano De Bergerac, which was played in this country by Richard Mansfield. He also was the author of Chanticleer which was played in France by Coquelin, and also made quite a hit in this country.

The play Saturday evening was given an intelligent interpretation and many expressions of approval were manifest during the action of the play. The costuming was adequate and such as to add greatly in preserving the atmosphere of the play the cast:

Sylvette—Louise Reed.

Percinet—Lorene Smith.

Straforel—Eleanor Sherrell.

Bergamin (Percinet's father)—Ruth Kuss.

Paquinot (Sylvette's father)—Mammie Kennedy.

Bleise, (a gardener)—Zay Wright.

A Wall (not a speaking part).

Swordsmen, musicians, negroes torch bearers, a notary, witnesses and guests.

Music—Bernice Hollenback.

Laila Skinner.

## The Ayers National Bank WILL BUY YOUR LIBERTY BONDS AT PAR

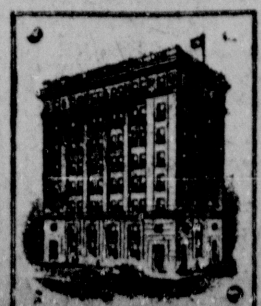

On the following conditions:

1. The entire proceeds are to be deposited in our Department for Savings at 3 per cent per annum, payable semi-annually
2. The deposit is to remain intact for one year, at any time after which 25 per cent is subject to withdrawal; the 75 per cent is to remain a second year, after which it is subject to withdrawal.
3. The purchase from any one seller will be limited to \$5,000.

We Make This Proposition Because—

1. We believe that some people are selling their bonds at ruinously low prices because they fear a further decrease in price and the eventual loss of part of their savings.
2. We believe that these bonds are intrinsically worth par and are prepared to back up our opinion in this way.
3. We wish a large number of people to know the advantages of our Department for Savings.

The net result of the above operation will be that you will be absolutely sure of receiving par for your bonds and will be in the same position as if you sold the bonds on the market today and redeposited your savings in a savings bank, with the additional advantages that you will receive for your bonds the full price paid for them and avoid a loss of from \$5 to \$6 on every \$100.

MEMBERS OF COMPANY B, 124TH MACHINE GUN BATTALION

Reading from left to right: Sergt. George Vasconcellos, Sergt. Russell McConnell, Lee Richey, Norman Clark, J. F. Prewitt, Fred O'Daffer and Corporal Homer Paschall.

## PROUD RECORD IN OVERSEAS SERVICE

Morgan county was finely represented in Co. B of the 124th machine gun battalion, which was a part of the 33d division. The group picture above shows seven local soldiers who had part in making the notable record of this battalion all thru the war period.

Most of the group enlisted with Co. B of Jacksonville, but Sergt. Vasconcellos entered the service with the Bloomington company. However, all were soon at Camp Parker, Quincy, and in September were transferred to Camp Logan, at Houston, Tex. After some strenuous months of both training and service at Camp Logan they were sent to an eastern camp in the late spring of 1918, and May 5 sailed for France. They landed "over there" May 26 and when they reached Camp Grant last Tuesday they had been in overseas service just a day over one year.

The men of the 124th machine gun battalion were hurried from London to Paris and thence to the Somme sector and took part in the defense of Amiens up to August 23. Then until September 26 they took part in the Meuse-Argonne campaign and helped drive the swinging pivot which won the victory for the allies. September 9 they crossed the Meuse and took over part of the 17th army corps line and had place in the battle near Chames Woods. There these men saw forty two days of service in the trenches, when they were relieved and expected to be sent back of the lines for a needed rest. However, the issues of war were such that after two days' rest

they were sent forward to the St. Mihiel front with the 66th infantry brigade and were there in service in front of Metz until the signing of the armistice in November.

**Was in Charge of Mess**  
Of the men in the group above, Sergt. Vasconcellos was in charge of mess and had been in this particular branch of the work for a number of months prior to the signing of the armistice. He is the son of Mr. and Mrs. A. P. Vasconcellos of East College street and they in company with other relatives and friends, together with representatives of various patriotic organizations, met the sergeant at the station at 1:32 o'clock Saturday morning.

Norman Clark, also one of the group, nephew of J. B. Clark of 1000 Grove street, arrived here Saturday night, and others of the men expected today are. Sergt. Russell McConnell, company clerk, son of Mr. and Mrs. J. W. McConnell of 345 Sandusky street; Corporal Homer Paschall, son of Mr. and Mrs. John A. Paschall of West North street; J. F. Prewitt, son of Mrs. Mary E. Prewitt; Lee Richey, son of Mrs. Fred Edwards of Manchester; Fred O'Daffer, son of Mr. and Mrs. David O'Daffer of 907 E. Mather street, and formerly of the Jacksonville fire department.

It goes without saying that these seven men from this one locality who have been so intimately associated in army service for nearly two years, have many recollections which will keep them in close friendship thru the years to come.

Both O'Daffer and Richey wear wound stripes on their uniforms. O'Daffer was wounded in action Oct. 10 at Conseroyre and Richey at St. Maurice Oct. 25th.

**History of Operations**  
While the battalion was in service in Luxembourg Major Floyd F. Putnam issued a brief history of the operations of the battalion and addressing the officers and men of the battalion he well summed up the feelings and relationships of these men who had braved together the dangers of war. In addressing them he said:

As the time draws near when we shall be mustered out of the military service and depart for our several homes, it seems appropriate that your commanding officer should leave with you some lasting token of his esteem and appreciation. During the seventeen months we have labored together we have experienced the most wonderful adventure that ever fell to the lot of men. Indeed, it would be most difficult to conceive of a more varied career than has been ours, from the prosaic but strenuous training period of our life in training camp, across the seas and thru the battlefields of France, to the quiet winter in little Luxembourg, where we bided our time as reserve to the army of occupation pending the joyous day of our return home.

Together we have labored and played, fought and rested, rejoiced in victory and sorrowed for our dead. Under such circumstances it is natural that ties of mutual interest and affection should grow out of our association. It seems most fitting, therefore, that each of you should be provided with a history of our beloved battalion and a record of its principal achievements, as a memento of the stirring days which have already passed into history. It has been a pleasure to have had command of such men as you, and I take this opportunity and means of thanking you for the loyalty, the unflinching courage, the devotion to duty, with which you have answered every call.

**Operated With British Troops**  
As indicated before, the battalion operated with the British and Australian troops from July 16 to August 29. On Aug. 24 the battalion was transferred to the French area and operated from that time until the armistice was signed in French and American sectors. The 124th machine gun battalion had a normal strength of 30 officers and 750 men. It manned forty eight heavy type machine guns and its transport consisted of six R. and B. wagons (British), five rolling kitchens, four water carts, one Maltese cart, one mess cart and 219 animals. When in column it extended over 2200 yards of road space. The companies of the battalion habitually operated with the battalions of the 131st and 132nd infantry regiments, and a great spirit of co-operation and fellowship in arms grew up between the machine gunners and their infantry comrades.

The 33d division ranks among the first in the A. E. F. in efficiency, in gallantry, and in battle record. The 66th infantry brigade led in all of the principal assaults of the division. Companies of the 124th machine gun battalion participated in every assault and in every occupation of

trenches made by the 66th brigade. In all assaults it is a notable fact that these machine gun units kept in the very front of the attacking waves and were always promptly on the objective gained covering consolidation and repelling counter-attacks. They have uniformly functioned true to their training and the traditions of their arm.

**Best Animal Drawn Transport**  
The battalion has always prided itself upon its efficiency, its discipline and its morale. In these matters and in esprit de corps it yields to no unit in the A. E. F. It boasts of the only machine gunner in the A. E. F. who has been awarded the congressional medal of honor, for gallantry in action (Private Clayton K. Clack, Co. D.) Its transportation has always been in excellent condition and one of its chief sources of pride. In the competitive inspection of the animal transportation of the 33d division held in January and February, 1919, this battalion ranked first in excellence among all the combat units of the division. When it is considered that the 33d division has been pronounced first in the A. E. F. in the excellence of its animal transport, this battalion can justly claim the best animal drawn transport in the A. E. F.

Companies C and D of this battalion, in conjunction with Co. B and one platoon of Co. A, 122nd machine gun battalion (divisional), covered the initial attack of the 66th brigade in the Meuse-Argonne offensive on Sept. 26, 1918, with a barrage of forty guns, which has been pronounced by critics to be the first occasion in which the machine guns properly supported an American division in attack. This barrage, which was worked out by the commanding officer of the 124th M. G. battalion in conjunction with the division machine gun officer (Lt. Col. David R. Swain) and the commanding officer of the 122nd M. G. battalion (Major M. B. Southwick) has since been used in the machine gun schools of the A. E. F. as a model of the correct and successful use of machine guns in support of an attack.

**SERG. BOLTON NOW IN HOMELAND.**

Mr. and Mrs. F. W. Bolton of South Diamond street were greatly rejoiced Saturday when they received a message that their son, Fred Bolton, sergeant first class, has arrived in Camp Upton, N. Y., and may be expected home before many days. Sergt Bolton has been in the army service for two years and for twelve months of that time has been overseas. He has recently been at Rittersdorf, Germany, with the army of occupation.

### FARM PROPERTY

The judgment of the most men is good, but some good men lack the nerve to back their judgment. This class is waiting hoping land will get cheaper before they buy. While their best judgment would be to buy now.

(1) One mile from a good town on the C. and A. and an easy drive of sixty minutes out of Jacksonville by auto we have a half section of excellent timber soil of which over 200 acres is in native blue grass which has never been plowed. Eighty acres in crop. Good little house, large barn, stock scales, good house and other outbuildings. This land is in an excellent location adjoining land that can't be had for \$250 per acre and right here at home. The bargain of the season. Price \$125.00 per acre.

(2) 80 acres, southeast of the city near a modern high school, church and shipping point, with a nice six room cottage and other necessary buildings. Price \$225.00 per acre.

(3) 200 acres, five miles from the city running from black prairie to timber edge land. Well tilled and two full sets of improvements. We consider this one of our best offers. Price \$250.00 per acre.

### CITY PROPERTY.

(a) A nice four room cottage all in first class condition. Price \$1200.00, easy terms.

(b) A six room cottage in the fourth ward, modern throughout for \$3000.

(c) In the second ward we have a nice seven room home, modern, oak floors, full concrete basement, complete in every detail. Price \$5000.

(d) In the second ward we have a fine modern home for \$6500.

(e) In the fourth ward we have a nice new modern home with barn, garage, chicken yard and garden for \$5500.

(f) In South Jacksonville we have a splendid building lot on the car line for \$250.

(g) On South Main street we have a nice eight room house with barn, and other outbuildings, all nearly new for \$4500.

These farms and city properties are just a few samples of the stock we have on hand. Don't think for a minute this is all we have. If you've never been to the office of STORY'S EXCHANGE you should come up for a little while and get acquainted. We have already this year closed deals amounting to nearly half a million of dollars which gives us some reason to believe that we can sell some more.

## WINCHESTER

Winchester, May 31.—W. C. Yates and daughter, Miss Stella returned Saturday to their home in Baylis. Miss Stella was one of the graduating class Thursday evening.

Mr. and Mrs. James Y. Peak received a message Thursday telling of an accident which happened to their daughter, Mrs. Melvin Murray at Mercedes, Tex. Mrs. Murray and son George were driving in their car near a railroad track when the son saw a train approaching and jumped from the car. Before Mrs. Murray could stop the train struck the car. She suffered a broken arm and severe bruises. No further word has been received so the relatives here are hoping that Mrs. Murray's condition is not serious.

The rose garden of Mrs. James Warren has been a beautiful sight the past week. In the past few days 6,000 roses have been cut but cannot be missed from the bushes. Mrs. Warren has certainly been very generous with her flowers. A few weeks ago she presented the high school seventh, and eighth grades large bouquets of tulips and shrubs and Friday she sent rose bouquets for each child and teacher in the first six grades. Decoration Day Mrs. Warren made bouquets for every soldier's grave in the Winchester cemetery.

Mrs. Ella McKean of Springfield is visiting her parents Mr. and Mrs. Peter Obermeyer.

Mrs. William Gaslin and baby son left Friday for their new home in Mattoon, where Mr. Gaslin has gone into business.

Mrs. A. A. Heisse of Beardstown is visiting at the home of Miss Alice Mudd.

Josiah McDonough, who has been in a Springfield hospital for several weeks, underwent a serious operation Saturday morning. It was reported Saturday evening that he was as well as could be expected.

Miss Mabel Haley of Naples is visiting at the home of Mrs. Sophie Nieman and family.

The high school boys entertain the faculty and high school girls at a dance Saturday evening at the Balsley hall.

## WRECKING HISTORIC SCOTT HOUSE

The historic house at 614 South Main street is now being wrecked. This property was for many years the home of Judge Edward Scott and was probably built by him. Afterward it was sold to Dr. Mayfield, then to John Arisman and was purchased twenty-six years ago by E. N. Kitchner, who is having the house dismantled. It is a house of eight rooms made entirely of white pine, and Mr. Kitchner said last night that the construction showed the best kind of workmanship. Some of the lumber will be sold and part will be kept with the thought in view of erecting a new dwelling.

## DORT

Quality Goes Clear Through

The salient characteristics of the Dort can be summed up in three sentences.

FIRST, it is a car that needs service-attention but very infrequently.

SECOND, when it does seem desirable to give the Dort a "going over" you can do it yourself easily, quickly, and inexpensively because of the marked simplicity and accessibility of Dort construction.

THIRD, its mileage per set of tires, gallon of gasoline, and quart of oil is perceptibly higher than common.

## OAKLAND SENSIBLE SIX

The Oakland "Sensible Six" carries a six-cylinder engine, it having been found that such an engine gives greater satisfaction and better results than any other type. There is ample power for all purposes, rapid acceleration, flexibility on high gear, smoothness and lack of vibration, simplicity, accessibility to vital parts, freedom from trouble, economical operation and low first cost. The Oakland is the only "Six" car today selling under \$1200—it is a leader. The Oakland is foremost in light-weight construction, yet retains beauty and sturdiness. The features found in the Oakland are those which usually are looked for only in the higher priced cars. The bodies of the various models are unusually roomy, wide, deep seats and large doors. Upholstery and finish is all that can be desired.

## ERECTED Y. M. C. A. HUT IN RECORD TIME

101st Engineers of American Expeditionary Forces Erected Building of 15,000 Square Feet Floor Space in 33 hours.

Paris. (Correspondence of the Associated Press.)—To have erected in 33 hours a building of 15,000 square feet floor space, including a theater, social rooms, two canteens, class rooms, kitchen, offices and five sleeping rooms the whole being what in army parlance is known as "hit" is an achievement of which the 101st engineers, of the 26th (Yankee) division, American expeditionary force, may well be proud.

"The 'York Harbor Y. D.' hut of the Yankee division, opened by the Young Men's Christian Association at the Mans, owes its inception to Miss Grace Thompson, of New York, who raised a fund for the purpose in York Harbor, Maine. Owing to the early return of the 26th New England division to the states, the original plan was modified to the extent of allowing the New England boys to erect a hut by their own labor.

Time was pressing, but that was a detail which only put the eager beneficiaries of the scheme on their mettle. Foundations had to be leveled, French municipal authorities had to be dealt with for the site and for the location of sewer, water and electrical connections; one car of material carrying the floor joists went astray and other timbers had to be cut at a local mill. Notwithstanding all these difficulties, the hut, which is the largest one used by the A. E. F., was erected. New England stone fireplace and latticed doorways all complete, in a space of time that made the good people of Le Mans rub their eyes in amazement.

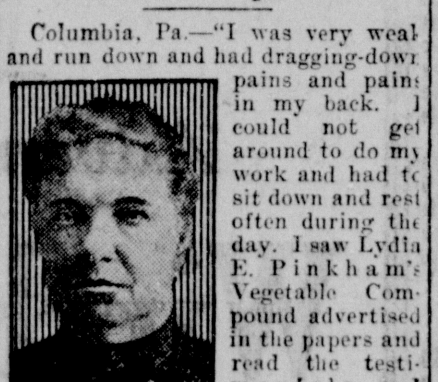

Suitably decorated for the dedication ceremony, the big hut was turned over by the 26th division to the American Embarkation Center for use of the American army on its way home.

George W. Perkins of the National War Work Council made the formal presentation to the Major General Harry C. Hale, acknowledged its acceptance on behalf of the division.

After the war, the hut will be handed over to the people of the city of Le Mans, "as a token of cordial friendship," as said Major General George W. Read who, in his capacity as commander of the American Embarkation Center, committed the operation of the "New England Home" to the care of the Y. M. C. A.

## MRS. MAY COULD NOT WORK

Made Well and Strong by Lydia E. Pinkham's Vegetable Compound.

Columbia, Pa.—"I was very weak and run down and had dragging-down pains in my back. I could not get around to do my work and had to sit down and rest often during the day. I saw Lydia E. Pinkham's Vegetable Compound advertised in the papers and read the testimonials, so I thought I would try it. Now I am healthier than I ever was in my life, and can recommend it to any woman who suffers as I did."—Mrs. ELIZABETH MAY, R. F. D. No. 1, Columbia, Pa.

The reason Lydia E. Pinkham's Vegetable Compound is so successful in overcoming woman's ills is because it contains the tonic, strengthening properties of good old fashioned roots and herbs, which act on the female system from all parts of the body, and continually testifying to its strengthening, curative influence, and the letters which we are constantly publishing from women in every section of this country prove beyond question the merit of the compound.

## RUSSIANS HAVE PASSION FOR MUSIC

Interesting Phase of Life in Russia Since Revolution is Passion for Music Displayed by the Masses—Work-people, Peasants, Soldiers and Sailors Make Up New Public.

London. (Correspondence of the Associated Press.)—One of the most interesting phases of life in Russia since the revolution has been passion for music displayed by the masses of the people. Albert Coates, an Englishman who has just returned from Petrograd where for years he was one of the principal conductors of the Imperial Opera, says the Russian proletariat throngs theatres and concerts.

The educated music-loving public of former days has almost entirely disappeared, Mr. Coates says. The one that has taken its place is a new public consisting of work-people, peasants, soldiers and sailors.

"I thoroughly realized during the revolution," he went on, "the force of the proverb, 'music hath charms to soothe the savage breast,' for whatever the 'people' do in the political and social sphere—and their record is pretty bad—at concerts and at the opera they sit as reverently as though they were in church, and listen with the rapt expression of children to whom fairyland is suddenly revealed.

"It has often happened that after a concert some simple peasant has risen and formally thanked me and the orchestra for the pleasure we had given them. Often, after a symphony, a group of work-people have crowded round me and asked to have explained things in the music they had not understood. They showed a marked preference for modern and complicated music, infinitely preferring it to the older and simple form of Russian music.

Their special favorite, strange as it may seem, is Scriabin, and after a performance of this composer's 'Poeme d'Extase' that I was conducting at the Maryinsky theatre, the public, which consisted almost entirely of the 'people,' shouted themselves hoarse with enthusiasm. I had never dreamt they would understand it.

"After the performance I was constantly receiving requests—Work-people used to stop me in the streets—to get up another concert and conduct the 'Poeme d'Extase.'"

## SAYS SHELL SHOCK IS MISNOMER

London. (According to speakers at a recent meeting of the British Medical Association, "shell shock" is an "unfortunate and unscientific term" for which "shell shy" might better be used. Sir J. Purves Stewart, senior physician of Westminster hospital, said it really was "molecular abnormality of the nervous system characterized by abnormal reactions to ordinary stimuli." Dr. F. W. Mott said the war had produced no new nervous disease, and that the varied hysterical manifestations improperly called "shell shock" were emotional disorders and were curable by counter suggestion.

## PLAN INTERNATIONAL WAR VETERANS UNION.

Winnipeg, Man., May 29.—Great War Veterans associations of Canada are in communication with like associations in other parts of the British dominion concerning a world convention next year in South Africa, which is regarded as the most central meeting place in the empire.

It is understood an international association of war veterans is being considered. Statements have been made that in view of the fact that soldier sacrifices made victory possible, soldiers should outline view on soldier relief, line their views on soldier relief, reconstruction, peace conditions and other measures.

The National union of Mutilated and Restored Soldiers of France has exchanged greetings with the Dominion Great War Veterans association. The union is expected to send delegates to the proposed world convention of soldiers who fought for the British Empire. It is possible that other nations also will be invited.

## STRIKES FREQUENT IN MINING REGION

Berlin.—The ever recurring strikes of miners are causing a catastrophic condition in the Rhinisch-Westphalian mining region. One company has declared itself insolvent because of strikes. ## MRS. JOHNSON DIES AT DAUGHTER'S HOME

Well Known Resident Here Passed Away After Brief Illness in Macon, Mo.

A message received by C. B. Graft Saturday evening brought the news of the death of Mrs. Mary E. Johnson at the home of her daughter, Mrs. Lena Finley, in Macon, Mo., where she had gone eight or ten days since for a visit. Mrs. Johnson, who was the mother of Mrs. Graft, resided at 321 Lockwood Place, this city. Soon after going to the Missouri city Mrs. Johnson suffered an attack of influenza which later developed into pneumonia. A telegram was received Friday bringing the news of Mrs. Johnson's critical condition, and Mrs. Graft and Elmer Johnson left Friday evening for Macon. Death occurred at 9 o'clock Saturday morning.

The deceased was born in 1851 on a farm one mile northwest of Arcadia and it was there that she spent her girlhood days. She had been a resident of Jacksonville for the past twenty years and has many friends here who will sincerely regret her going. The deceased is survived by the following children: Minnie A., Mrs. C. B. Graft, of this city; Elmer Johnson, living near Ashland; Miss Clara Johnson, residing at home; Oral Johnson, living near Arcadia; Mrs. Lena Finley of Macon, Mo.

## TRUCK TRAIN WILL MAKE STOP IN CITY

Visit is Expected Thursday, June 12th—Two Hundred and Fifty Trucks Will Make 370 Mile Trip.

C. E. Aldrich and J. N. Magna, representing a St. Louis automobile firm, were in Jacksonville last night making preliminary arrangements for the coming of an automobile truck train to Jacksonville Thursday, June 12.

The visitors were in consultation with Henry Frisch, president of the Chamber of Commerce, and Mrs. Frisch was given that the proper courtesy would be extended to the visitors. The train of 250 trucks will start from St. Louis June 9, and visit a number of cities along an itinerary of 370 miles.

The greater part of a week will be consumed by the trip and the trucks will come from Beardstown to Jacksonville. The purpose of the exhibition is to emphasize the advantage of shipping by truck and also to lay emphasis upon the need for good roads. An aeroplane will accompany the truck train and will give exhibition flights at every city where stops are made. It is the plan to have the train arrive in Jacksonville about 11 a. m. June 12 and to park the trucks in the business district. The several hundred visiting men will remain here for dinner.

Open air addresses will be made and some pictures taken for later filming. The government has furnished tents and some other supplies and in cities where hotel accommodations are not adequate the travelers will camp out. The train of 250 trucks, allowing the proper traveling space between machines, will cover a roadway three miles in length.

Everything in men's and boys' wear at Knoles'.

## WOMEN WORKERS

In almost every line of war activities the women of this country have done well and have taken front rank for doing work that released thousands of men for service overseas. Some women have been over-ambitious, and, at the expense of their health, have filled places once occupied by men. Every woman who, because of overwork, has brought on some ailment peculiar to her sex, should depend upon Lydia E. Pinkham's Vegetable Compound to restore her health and strength, as this remedy is now recognized as the standard and has restored multitudes. (Ady.)

The shortage of corn acreage compels us to state that the farmer's duty to the world is to raise a larger number of bushels of corn per acre. A blunt, dull shovel or half worn-out cultivator will cost you money as well as a big loss to the whole world. We are prepared to furnish the proper tools for the work at hand, and it is up to you to call in and see for yourself. We save you money in the first cost, as our price is right. We help you make money, as our tools are the best to be had irrespective of what you pay any one.

### GRADUATING EXERCISES AT SCHOOL FOR BLIND

Will Be Held Monday Evening—  
at 7:30—Address by Charles H. Thorne Director of the Department of Public Welfare.

Graduating exercises for the class of 1919 at the Illinois School for the Blind will be held in the chapel at the school at 7:30 o'clock tomorrow evening.

Formerly the time has been 8 o'clock and it is desired that friends of the school will take notice of the change of time. The exercises will have more than ordinary interest this year from the fact that Jennie Z. Elliott of this city is a member of the graduating class.

The class colors are purple and white and the class flower white Killarney rose. The class motto is *Semper paratus*.

The members of the class are: Jennie Z. Elliott, Jacksonville; Jacob U. Grant, Peoria; Herbert H. Krenske, Augusta, J. Melcher and Hugh R. Sutherland, Chicago, Edward S. Molineaux, Westfield, Frank W. Thompson, Waverly.

The program follows:

J. N. KENNEDY VISITS IN EASTERN CITIES

Attended Meeting of General Agency Association of Penn Mutual Life Insurance Company in Philadelphia.

Mr. and Mrs. J. N. Kennedy have returned from Philadelphia, Pa., where Mr. Kennedy went to attend the sessions of the General Agency Association of the Penn Mutual Life Insurance Company of which he is general agent in this vicinity.

The sessions were held at the home office in Philadelphia May 19, 20, 21 and 22. The meeting was one of the most successful in the history of the association.

While there the agents were taken by boat to the Hog Island Shipbuilding yard which is located near Philadelphia, and is the largest in the world. It has a capacity of turning out a ship and a half every twenty-four hours and employs between thirty and thirty-two thousand men.

The agents also made a trip to New York City. While there they saw the arrival of the 33rd Division which contained a number of Morgan county men. They saw the men disembark from the ships and later take train for Camp Mills.

MAJOR MULLENIX NOW ON WAY TO EAST.

Major and Mrs. John Mullenix left yesterday for St. Louis, from where former will at once proceed to the east expecting to sail at an early date for overseas duty in the U. S. Army.

Mrs. Mullenix will return to this city to make an extended visit with her parents, Mr. and Mrs. G. W. Parker of 603 Webster avenue.

RAYMOND ALLEN IS CIVILIAN AGAIN

Raymond Allen is another Morgan county man who has recently been discharged from the army service. He spent fourteen months in France as instructor in a radio school. He is glad to return to civilian life, but does not regret his period of army life.

RIGHT NOW WE ARE SHOWING A MAGNIFICENT LINE OF SUMMER MILLINERY AND WOULD APPRECIATE YOUR CALL TO THIS DEPARTMENT AT HERMAN'S.

SERGEANT MOLOHON WILL ARRIVE TODAY.

Sergeant Albin Molohon has sent a telegram to his parents that he will arrive with the other Jacksonville boys over the Webster this morning.

Sergeant Molohon was with the 130th infantry and by an oversight his name was included in the list published in the Journal Saturday morning.

### THE IRIS.

(By John Kearns.)

Did you ever see the Iris blooming so freely as it has this spring? It is getting to be quite common in Jacksonville, and more of it is being planted every year. But we do not see as many of the gorgeous colored varieties as we should. Once planted, it requires no care, and it seems to flourish in dry as well as damp places, in shade as well as sunshine.

The flowers exist in manifold varieties, doubles and singles, but the singles life the singles of the tulips, seem to be the most attractive. The three upright petals are called "standards," and the three drooping ones "falls." Then there is variety in the beard and the styles, and an iris specialist will talk your arm off about the combinations of tints and shades of the different parts.

The Iris is not so much a bouquet flower as it is a garden flower, and looks its best in large clumps along a wall or the border of a lake or stream.

Do you know who Iris was? Iris, the many-hued, was the rainbow deity of the ancients. She is often celebrated by the classic poets, and her special office was to preside at death-beds, and to release the soul by slipping a lock from the head of dying person, as she did from the head of Dido, according to Virgil's account in the Aeneid.

Then Juno, grieving that she should sustain a death so lingering, and so full of pain, sent Iris down to free her from the strife of laboring nature, and dissolve her life.

Downward the various goddess took her flight, and drew a thousand colors from the light.

Then stood above the dying lover's head, and said: "I thus devote thee to the dead."

This offering to the infernal gods I bear, thus while she spoke, she cut the fatal hair.

The struggling soul was loosed, and life dissolved in air. (Dryden's translation.)

The flower has also proved an attractive subject for some later poets. A Michigan poetess is responsible for the following inspiration.

Gray-green, austere, stiff in form and line, The Iris blades pierce thru the spring-time mold; They keep their secret well, they give no sign

Of loveliness fast hidden in their hold. One, like some stately dame of ancient France, Is robed in white bedecked, with lavender;

One spreads a golden garb to win your glance, Like early butterflies with wings astir.

One is in royal purple velvet dressed; One lifts quaint standards hued like smoky pearl; Maroon and yellow suit another best;

One dons white raiment like some happy girl. Much still remains to be said for this beautiful flower, but only a little more here, and that little in verse, because the subject is worthy of the distinction.

The Iris. June brings the Iris, radiant maid! Her purple standards raised on high, Put forth like pinions unafraid To bear her back towards the sky.

For there above she might have place, Fair-weather rainbow animate, Fixed like the Pleiades in space In uniform celestial state.

Above a field of lances keen, A thousand slender blades half-drawn, Half-sheathed, one as another green, And guarding after flowers are gone—

The rainbow of the fields, she oft Adorning marge of lakes is found, Her flowers like censers raised aloft, Their holy fragrance shedding round.

The favorite of kings, and great Among the commoners below, The Iris holds a high estate Her sisters can not overthrow. The small communal bee, indeed, Aristocratic in his tastes, Disdains some flashy colored weed.

And toward the crown of purple hastes, WE ARE DAILY RECEIVING DRESSES FOR ALL OCCASIONS, WHAT YOU DON'T FIND TODAY YOU MAY FIND TOMORROW SO GIVE US ANOTHER LOOK, AT HERMAN'S.

M. L. PONTIUS WILL DELIVER ADDRESS

Dr. Myron L. Pontius will deliver the address at the commencement exercises of the Collinsville high school next Wednesday. The Collinsville Herald, edited and published by J. O. Monroe, formerly of this city, contains an extended notice of the exercises.

### WILL OIL MANY ROADS THIS YEAR

Contracts Already Let for Big Mileage in Illinois.

This year promises to be very active in road oiling, according to statement of W. H. Cocking Saturday. Mr. Cocking has recently been awarded the contract for 25 miles of road oiling in Brown county, north from Mt. Sterling eight miles and south from Mt. Sterling seven miles. Mr. Cocking has also a contract for about sixty miles of oiled roads near Edinburg and for twenty miles in Mt. Auburn township not far distant from Edinburg. Contracts have recently been let for sixty miles in Clinton county, an extensive mileage in McDonough county, and it is said that in McLean county contracts will be let for the spreading of some 800,000 to 1,000,000 gallons of oil. It takes about 5,000 gallons of oil to the mile, so that it can easily be figured that the McLean county people are planning for some extensive summer work.

The price of road oil now is 5c a gallon by comparison with 8c a gallon during the war period, and that is one factor in the increasing use of oil. Another reason is that in many localities hard roads seem far off because of the high price of cement and some other materials that enter into hard road construction.

TEACHERS' INSTITUTE WORK OUTLINED

Supt. Vasconcellos Has Secured Two Excellent Instructors—Program Extends from June 16 to 20.

H. H. Vasconcellos, county superintendent of schools, has announced the annual teachers institute which will be held this year in the David Prince building June 16 to 20. The institute is scheduled later this year because of the fact that the Jacksonville public schools, which usually close during the last week in May, are running thru the first week in June.

The ones in charge of the institute will be Prof. John Harrington Cox, of the University of West Virginia, and Dr. Harlan E. Hall of Mansfield, Ohio. Prof. Cox is head of the department of agriculture at the University of West Virginia at Morgantown and Dr. Hall is at the head of the department of pedagogy, University of Ohio, at Mansfield. Both of these men are prominent educators and have had executive experience in institute work.

Supt. Vasconcellos secured them after considerable difficulty and gives the teachers assurance of a pleasant and profitable week.

The superintendent has called attention to the fact that the certifying law requires that all certificates must be registered or renewed every year. It is requested, therefore, that all teachers present their certificates during the institute. No certificate will be registered or renewed except for those in attendance, or who have been previously excused by the county superintendent. The fee for registration or renewal is \$1.

The sessions of the institute will begin each morning at 9 o'clock and a cordial invitation is extended to all persons who are interested in teaching or in school work.

SOME ATTRACTIVE SOUVENIRS

Mrs. W. H. Wright has received from her son William Henry, sergeant in military police, 9th corps, some interesting mementoes of the great war. One is a peculiar helmet surmounted by a square of some five inches and on it an arrangement to which a plume was evidently fastened. In front is a gaudy brass ornament with the words "Mitt Gott fur Koenig and Vaterland" (With God for the king and fatherland.) There are two shell cases, one quite ornamental and with the words St. Mihiel in large letters, and other articles.

The young man received his first military training in the military school at Alton and when he enlisted he was at once set to drilling recruits. He is so useful he is not likely to be at home for some time yet.

## From County Agents Office

### Wheat News

Takeall has been found in fields representing approximately 250 acres on the sandy land in the western part of Mason county. It has also been found in Indiana in Porter, LaPorte, Tippecanoe and Jasper counties. Flag Smut has been found only in Madison county, Illinois.

In Saline county the wheat is not growing well. The Farm Advisor says that where the heads are being formed they are very short. In Piatt county the cold, wet weather seems to have had a very bad effect and many fields will not make as large a yield as was anticipated. The wheat there, upon the poorer types of soil, has suffered most severely.

County Agent Doerschuck writes that the wheat in Randolph county has shown considerable improvement in the last two weeks. Very little or none on soils which have been farmed for a long time and on which there is little available nitrogen. He further states that wheat shows a lack of available nitrogen in the soil more than in any other crop.

On untreated worn out land it will not make more than 5 to 8 bushels per acre and possibly not that much. On the other hand, some fields show prospects of 35 to 45 bushels to the acre. Farm Adviser Miller of Macoupin county states that wheat on corn ground is looking much better than that seeded on stubble ground. Black stem rust of wheat has appeared in some counties. The residents of Mor County are asked to get rid of their common barberry bushes.

RECENT HAPPENINGS IN WOODSON PRECINCT

Harvey Harney Returns from Army Service Overseas—William Adams Seriously Ill—Other Neighborhood News Notes.

Woodson, May 29.—There will be no preaching service at the Christian church Sunday, June 1st owing to the absence of Dr. G. W. Miller from home.

Miss Grace McAllister went to Chicago Tuesday to view the parade of the 33rd division. Her brother, Sergt. Russell McAllister, is a member of the division.

Miss Hazel Ezard who has been quite ill the past two weeks is somewhat improved.

William Adams is reported on the sick list.

Memorial services were held Sunday at 11:30 a. m. at the Christian church with a large attendance. Rev. Mr. Powell, pastor of the Presbyterian church, and Dr. G. W. Miller each made a splendid talk. A male quartet composed of Wm. Colton, J. Chester Colton, G. A. Cunningham and Dr. R. R. Jones rendered two selections. Rev. Alexander Cunningham, a missionary from China who with his wife is enjoying a furlough, was also present and took part in the service. The church was very fittingly decorated for the occasion.

Harvey Harney, who has been in the service the past year returned home last week with an honorable discharge. He is in excellent health and glad to see his many friends. He saw active service in France and has many interesting experiences to relate.

Miss Alta Kehl is home from Chicago.

Mrs. Edward Gallagher, Mrs. F. E. McCurley and son James were guests of the former's sister, Mrs. J. T. Osborne and family Thursday.

Mrs. Pete Gaines of the Buckhorn neighborhood, Mrs. John Brown and Allan Adams of Jacksonville were called here on account of the illness of their father, William Adams.

Rev. and Mrs. Powell and son Frank were called to Chicago on Tuesday owing to the death of Mrs. Powell's father.

MORGAN

There has been so much rain the past week farmers have not been able to get into their fields. Some are having to plant their corn over. Wheat is growing so rank, it is feared it will fall and the heads will not fill.

Charles H. Taylor and wife were Pike County visitors last Thursday.

Mrs. Charles Nergenah and son Harold, Mrs. Alpha Anderson and sons James and Carlton were Jacksonville visitors last Thursday.

Mr. and Mrs. Hobart Dixon and daughter spent Sunday with Herman DeGroot, east of Chapin.

Mrs. Charles Baker and daughter Verna entertained at a six o'clock dinner last Thursday, the Misses Marguerite Vortman and Aileen Omer, Goron Swettart and Walter Williams.

Mr. and Mrs. George Coulson and daughter, Node, Mr. and Mrs. Alpha Anderson, Charles Nergenah, C. E. Williams and son Walter, C. E. Drake, John Drake were Jacksonville visitors last Saturday.

C. H. Taylor held a cow sale in Winchester Saturday.

Quite a number from here attended the baccalaureate sermons at the M. P. church in Chapin Sunday evening. Four of the graduates are young people from this vicinity, viz: Miss Noda Coulson, Harold Nergenah, James Anderson and Walter Williams.

They have completed the four-year course. Class day exercises will be held at the M. P. church in Chapin Thursday night. Commencement at the Amuse-U theatre Friday.

Mrs. Caroline Williams has received a message from her brother George Wolford, who has been in France and was at the front when the armistice was signed, that he has arrived safe at Camp Mills.

Mr. and Mrs. Henry Pinkerton have returned to the city after a visit with friends in Modesto.

## BLUFFS HAS LARGE GRADUATING CLASS

Class of 1919 at Bluffs High School Largest in History of School—Commencement Program Thursday Evening, June 5—Other Bluffs News.

Bluffs, May 31.—Commencement exercises for the class of 1919 of the Bluffs high school will be held at the opera house Thursday evening, June 5th, at 8:30 o'clock. This class roll is as follows: Cleo Bergner, Harry Chambers, Marie Fuson, Dorothy Griswold, Lillian Guenther, Ruth Killpatrick, Muriel Kopp, Hester Korty, Beatrice Morris, Anna Rebbe, Benjamin Rockwood, Paul Vannier.

The class day program will take place at the opera house Thursday, June 5th, at 3 o'clock p. m. The following is the program.

Merry June—Vincent Salutory—Lillian Guenther—Class history—Beatrice Morris, Muriel Kopp, Cleo Bergner.

Class poem—Benjamin Rockwood, Ruth Killpatrick.

Class Prophecy—Dorothy Griswold, Anna Rebbe, Hester Korty.

Class motto—And Then—Class colors—Pink and Silver.

Class flowers—Killarney Rose.

The class of 1919 is the largest one in the history of the Bluffs school but like in previous years the boys are in the minority most of them having dropped by the wayside leaving the goal for their sisters. And what is true of this school is also true of the schools throughout the country.

Many of the good paying jobs throughout the country are being taken by women and girls because they have qualified for the place. This is an age of progress and one of advancement and unless the young men of the country awaken to the fact, the fair sisters will hold the best paying positions, for competition is keen and they have entered the field to stay.

The pupils of the school gathered in the assembly room at 9 o'clock Friday morning and later Supt. R. L. Newenham was summoned and presented with a handsome library table, a gift of appreciation from pupils and teachers.

The table was formally presented by Harry Chambers, president of the senior class. It was indeed a complete surprise and a much appreciated gift. Supt. Newenham has been at the head of the Bluffs school for the past three years and has won the esteem and respect of teachers, pupils, and patrons alike. It is because he is seeking advancement in a broader field that he decided not to remain longer here.

Decoration day was celebrated

in a very fitting and appropriate manner Friday. The hall was packed to overflowing and a splendid program was rendered. Two returned soldiers, John O'Brien and Elmer Thorn gave very interesting talks on their experience overseas. Young Thorn was in the front line trenches and participated in the stormy battles of Argonne forest until severely wounded and sent to the hospital where he remained for a time. He reached the U. S. April 2nd and says he was as glad to get back as he was anxious to go across and over the top. At the conclusion of the program conveyances were furnished and a short program was given at the cemetery after which the graves of all the soldiers were decorated with flags and flowers.

Mrs. James Kesterson and grandson, Charles Wolford visited relatives in Clayton Friday.

Mrs. Horace Arnold was called to Baylis Thursday by the death of a friend.

Halpin Denton who recently landed from overseas service, arrived home Wednesday.

Sealed bids will be received by the County Commissioners of Morgan county, Ill., at their office in the County Court House, Jacksonville, Ill., until the hour of 12 o'clock noon, Saturday, June 7th, 1919, for the construction of five concrete bridges. Each bid must be accompanied by a certified check for 5 per cent of the amount of each bid and filed with the county clerk. The commissioners reserve the right to reject any or all bids. For information, address L. V. Baldwin, county superintendent of highways, Jacksonville.

## WE CANNOT SELL REFINISHED GOODS UNLESS WE BUY.

Please remember that. We are as anxious to buy of you as we are to sell you. If you have something and want a fair price call Illinois phone 215. When you buy refinished goods of us, you pay what the goods cost us, plus the cost of refishing and handling. If you have the impression that we follow the custom of buying for nothing and selling for all we can get, you are mistaken.

We give you value for your dollars, and only goods that have been put in first class order. We do the same refinishing and overhauling for you—on your own goods. We do sell used housefurnishings, refinished. We do not operate what used to be called a "Second Hand Store". Our plan is different.

- 1 Automatic Davenport, splendid quartered oak frame, black imitation leather upholstery \$17.50
- 1 New Oak Dresser, manufacturer's sample. Usual price \$27.50. Our price this week \$18.00
- 1 Imitation Mahogany Refinished Dresser, 18 by 40 mirror \$12.00
- 1 3-Burner Oil Stove, in good working order. New cost twice our price \$9.50
- 1 Glass Front Oven for above or will sell separate. New price \$6. Good as new \$3.00
- 1 Excellent Ladies' Desk, quartered oak—Flemish finish. Looks like new, new cost \$20.00 \$10.00
- 1 Oak Folding Bed, good condition, with mirror top. Good springs \$10.00

## SOX WIN THIRD WITH CLEVELAND

Rough and Tumble Fight Occurs  
Between Speaker and Gandil in  
Eighth and Lasts Several  
Minutes — Other American  
Games.

Chicago, May 31.—Chicago won the third game with Cleveland 5 to 2. Phillips weakened in the fourth inning. After two runs were in he touched for a single and then hit Risberg over the eye with a pitched ball. Morton, who replaced him walked the first man and Cicotte singled for the deciding runs.

A rough and tumble fight between Tris Speaker and Chick Gandil occurred immediately after the visitors had been retired in the eighth inning. Gandil claimed the Clevelander deliberately tried to spike him in sliding into the left of the bag. Gandil drove his right to Speaker's face and they went into a clinch. Gandil was thrown to the ground and Speaker struck him several times. The fight lasted several minutes.

## WILLARD TO REACH TOLEDO TONIGHT

TOLEDO, O., May 31.—Hundreds of admirers of Jess Willard jammed the Union Station here tonight in anticipation of the arrival of the heavy-weight champion, but were disappointed as "Big Jess" stopped off today at his home in Lawrence, Kans., to visit his wife and five children.

When Tex Rickard, promoter of the championship battle learned that Willard halted for a day, he smiled and said he did not blame him a bit. "I'll admit that I have been a bit impatient over his frequent delays in getting started, but I think he should see his wife and children before coming here to engage in what probably will be the greatest match of his life," Rickard said. "I'll be contented to wait another day."

Willard, according to a telegram to Rickard left Lawrence this afternoon which probably means he will reach Toledo tomorrow night.  
Ray Archer, his business representative, has a ring ready for the champion to get down to training. Manager Kearns said Dempsey would rest up for four or five days after Willard gets on the scene.

State Street Presbyterian church—W. H. Marbach, pastor. "He who rears up one child in Christian virtue, or recovers one fellow creature to God, builds a temple more precious than Solomon's or St. Peter's more enduring than earth or heaven." On this Children's Day, members and friends will kindly note that the special Children's Day service commences at 10:30 o'clock, the service being in charge of the children. This will be the only service of the morning. At 4:30 the Junior C. E. society will meet. The Senior C. E. society will meet at 6:30. Note change. Inasmuch as the pastor has been invited to preach the high school baccalaureate sermon, there will be no evening service, but we will have the pleasure of meeting with the Christian church congregation where the high school service is to be held.

Salem Evangelical Lutheran church—East College street. Rev. J. G. Kuppler, pastor. There will be no Sunday school. Confirmation exercises will be held at the morning worship beginning at 9:45. A class of five boys will be examined in Christian doctrine and receive the rite of confirmation. The members of the Confirmation are: Carl Burmeister, Walter Gruber, Arthur Middendorf, Clyde Naudette and Frank Willner.

There will be no evening service. A cordial welcome to all.

Grace Methodist church—F. B. Madden, minister. T. V. Hopper, superintendent. Sunday school 9:30 a. m. Mr. H. H. Bancroft will address the school. Dr. F. A. Havighurst, of Decatur, will deliver the baccalaureate sermon for the graduating class of the Illinois Woman's college at 10:45 a. m. In the evening this congregation will attend the Union service at Centenary church where Dr. Havighurst will speak.

Second Christian church—Bible school at 9:30. Preaching 10:45. Service at 3:30 p. m. by pastor of McCabe church, Rev. Mackey. Dinner served by the ladies of the church at 1 p. m. Music by the choir.

Brooklyn Methodist Episcopal church, G. W. Randle, pastor. Sunday school will be held at 9:30 a. m. J. A. Walters, superintendent. The regular preaching service at 10:45 called in to allow the congregation to attend the Baccalaureate sermon for the graduates of the Illinois Woman's college at that hour in Grace church. The same plan will be followed at the evening service to attend similar exercises at the Central Christian church for the High school graduates.

Central Christian Church—M. L. Pontius, minister. Bible school at 9:30 under the direction of Supt. C. L. Mathis. Morning worship at 10:45 o'clock when Rev. Mr. Pontius will speak on the Sin of Unselfishness. The Baccalaureate service of the Jacksonville high school will be held in the evening at 8 o'clock. The address will be given by Rev. W. H. Marbach. The Central Christian church choir will sing at both services. Miss Mabel Forrester will sing Sun of My Soul, by Gaul. In the evening Mrs. Genevieve Clark Wilson will sing Open Ye the Gate to the Temple, by Mrs. Knapp. Christian Endeavor services at 6:30 p. m. Leaders as follows: Of the Seniors Lawrence Henderson, of the Intermediates Ralph Mitchell and of the Juniors, Ana Cruzan. The public is cordially invited.

### ALUMNAE REGISTER OF

I. W. C. TO BE DISTRIBUTED. The new Alumnae Association Register has just been received by the local Alumnae Association of the Illinois Woman's College. The Register is very complete because of its three fold classification. First the alphabetical list, then the list according to classes, and third the geographical classification.

It is interesting to notice the development of the college since the last Register was issued. The gymnasium has been erected and Library annex built.

The Register will be on sale Monday at the college by the Jacksonville Alumnae officers. The following are the local officers:

President—Miss Janette C. Powell  
Vice Presidents—Mrs. Millie Rowe Samuel, Mrs. Elizabeth Blackburn Martin.  
Secretary—Mrs. Jeanette Taylor Hemphill.  
Treasurer—Mrs. Helen Birch Filson.  
Corresponding Secretary—Miss Della Dimmitt.  
Directors—Mrs. Edie Black Baxter, Miss Agnes Paxton, Mrs. Nelle Reaugh Larson, Mrs. Emily Allan Fay.

J. B. Cooper of Springfield visited the city yesterday and proceeded to Springfield.

**PAIGE**  
The Most Beautiful Car in America

## A Serious Situation

WE ARE face to face with a shortage of Paige Linwoods, the five passenger "Six." The Paige factory has given us special allotments, but such is the overwhelming demand for this car that we shall soon be unable to promise any definite date of delivery.

We have been asked to account for the extraordinary popularity of this five-passenger Paige Linwood. To us it is simple. During the War this car established its supremacy as a car of utility, efficiency and economy par excellence. It was a preferred investment. The New Series Linwood retains all that Basic Quality of Design and Workmanship.

In addition, the New Series Linwood offers still greater refinements, still greater beauty, still more of the features that make for comfortable, secure and inexpensive motoring. The American people simply recognize in the New Series Linwood the very best value on the market. That is all. We give you this warning, because we don't want you disappointed when you place your order.

## ANNUAL ART EXHIBIT PROVES INTERESTING

Display Compares Favorably  
With that of Former Years —  
Work of Pupils Shows Result  
of Careful Training.

It was once said of a successful showman that he could do the same thing from day to day and yet do it differently. Naturally one would look for a sameness from spring to spring in the art exhibition at the Woman's College but in addition to doing the same thing and doing it differently, Miss Knopf manages to add something new and of interest each year so that the friends of the college always have a pleasant surprise in store for them if they make an annual call at the studio.

Something within the reach of all the young ladies, whether gifted with artistic ability or not, and that is the course in design. Plain, simple squares are first drawn and these are wrought into different designs with very pleasing effect. Of course, the more simple and easy units are first constructed and then from a modest beginning more intricate effects are produced until we see leaves, ornaments, animals and birds, leaves and various nature problems all with pleasing results.

Another very attractive feature of the work is the adoption of historic ornaments. Columns, pilasters, mural decorations and various illustrations of that class are placed before the students and from them parts are taken and wrought into original designs often with very satisfactory results.

Further along is seen some very creditable work in costume designing both in style and color. Here good taste, moderation and talent are combined to produce something which will suitably adorn the human form.

The work of the sketch class deserves more than a passing notice. In plain black and white

are depicted an array of silhouettes, wonderful in likeness have been drawn on for subjects and are seen in all sorts of positions and costumes. Their portraits are true to life and are interesting.

Some color impressions in tempera, a material somewhat resembling water colors is used for various efforts. A lamp shade, a vase and various articles are praiseworthy.

Of course the charcoal studies cast drawing and similar work, will always of right hold a prominent place in the curriculum of every student of art and this department has had a full share of attention with the usual good results. Along near it is the china collection and here are several pieces which deserve more than a passing notice. One student shows three piece composites respectfully in Persian, Egyptian and Greek design; others in the sea collection are excellent.

Water color has its share on the wall and the work is excellent. The designs are original as elsewhere and are taken from studies of various kinds, flowers, still life and the like.

Coming to oil we see some work which seems somewhat like a new departure. One is an illustration of Matetrick's story of the blind people led by the priest into the forest and sitting down the priest's life suddenly departs and his sightless charges are left alone without a guide. One woman has a little child who can see a trifle and holding the little one in her arms they seek by its guidance to find their way home. Another is a scene from Hiawatha. Still another is a scene from a fairy story. The young ladies made sketches first on a small scale and then worked up the enlarged pieces most creditably. Another charming piece is an illustration of a May Day fete admirably depicting young people on that festive occasion. The young ladies did lots of poster work for the public good and some of their efforts were very worthy. The designs were placed in different windows and always proved attractive.

Some of these are on exhibition and well deserve a place with the other attractions of the place. Misses Merlin Terhune and Maurine Gifford will receive diplomas and Miss Mildred Nutt a certificate.

### ILLINOIS COLLEGE NOTES

Glen W. Strickler, one of the Illinois College boys who went into the navy about two years ago and now holding the rank of ensign was a visitor on the campus during the past week.

The girls of the college entertained the senior girls of the local high school at an afternoon party last Saturday.

The Gamma Delta Literary Society will hold an "invitation meeting" at the home of Mrs. Andrew Russell on Mound avenue on Friday evening, June 5. Mrs. Perry G. Thompson will give a little interpretation of Ibsen's Peer Gynt. Ellen McCurley and Virginia Bullard will play the Peer Gynt Suite.

The last chapel exercises of the year took place on Friday morning when the various classes changed their chapel seats. Several of the classes especially the seniors were heartily applauded when they came into the chapel.

The students of the senior Whipple class, when they took their seats in the freshmen section, of the chapel, were also enthusiastically received. President Rammekamp made a brief farewell address on the significance of the past year.

Dr. R. E. Hieronymous, community advisor of the University of Illinois, made a brief visit on the campus Friday morning.

President Rammekamp was in Springfield on Thursday with a delegation from Morgan county

attending the state convention of the League of Nations. He served on the resolutions committee and was chairman of the evening meeting of the convention.

As previously announced, Raymond Robins of Chicago will deliver the commencement address this year and the baccalaureate sermon will be delivered by Chaplain Arthur F. Ewert. The Reverend W. H. Marbach of the State Street church will speak at the combined vespers service of the State Street, Westminster and Congregational churches on the evening of baccalaureate Sunday. The usual Osage Orange picnic will be held on Monday of commencement week.

Mrs. Wiley K. Wright, daughter of Newton Bateman, who came from Holy, Colorado to attend the memorial exercises of last Monday, met several of her childhood friends while in the city. The out of town guests who attended the exercises including Lieutenant Governor Oglesby, Superintendent Blair, Dean and Mrs. Eugene Davenport, Miss Elizabeth Putnam, and Mrs. Wright were entertained for supper Monday evening at the home of President and Mrs. Rammekamp.

Mrs. C. M. Hebert, who has been serving as librarian during most of the year, left for her home in Ohio Friday. Miss Mabel Conboy, who was formerly librarian of the college, will have charge of the library during the

remainder of the semester.

The Sigma Phi Epsilon Literary society will give a tea Monday afternoon in honor of the two senior girls of their society, Anna Pessel and Bernice Wheeler.

### EAST GREASY

It was a happy day Sunday at the home of Mrs. Catherine McGrath, when they entertained in honor of her son Thomas McGrath, who has just returned from Germany. There were some thirty five or forty guests partook of a most sumptuous dinner such as Mrs. McGrath and Miss Mary are capable of serving. It was a day of pleasure to all and one of comfort to Tom to once more be at home among kindred and friends, and it was especially entertaining to hear him tell of some of his experiences and examine the various souvenirs he brought home. It was a disappointment however, that old Sol hid his face so much to make it impossible to get a picture of the entire company. Nevertheless some fine pictures were taken.

Mr. and Mrs. George Durham and children and Mr. and Mrs. Sam Ash and children spent Sunday with Charles Bolton and daughter Mabel.

Ernest Jordan attended church in Murrayville Sunday and took dinner with Mr. and Mrs. Harry Cade and helped in the Centenary drive in the afternoon.

Otto Wood and family attended church in Murrayville Sunday.

Mr. and Mrs. Orville Mutch spent Sunday in Murrayville with Mrs. Mutch's parents, Mr. and Mrs. Ketner.

Mr. and Mrs. Harry Rimbey spent the day Sunday with the latter's parents, Mr. and Mrs. Rees Jones.

Mrs. Orville Mutch spent Monday afternoon with her sister, Mrs. Walter Dobson.

Otto Wood was in Jacksonville Tuesday.

Mr. and Mrs. Orville Mutch attended a reception in Murrayville Tuesday night given by the Rebekahs for their three soldier members Reaugh Jennings, Archie Stansfield and Harry Gunn, the Archie Stansfield wasn't present. The lodge gave each a beautiful present.

**SEEK TO PREVENT  
PLAGUE OUTBREAK**  
Red Cross Co-operates With Physi-  
cians in Effort to Prevent  
Outbreak of Plague in Region  
from Saloniki to Constantinople.

Constantinople.—A American,  
British, French and Greek physi-  
cians are striving with might  
and main to prevent an outbreak  
of the plague in the region ex-  
tending along the north shore of  
the Aegean Sea from Saloniki to  
Constantinople. In this work the  
British, French and Greek armies  
and the American Red Cross are  
cooperating.

"America and England as well  
as the far off corners of the earth  
cannot afford in these days to ig-  
nore outbreaks of disease no mat-  
ter where they occur," declared  
a British sanitary officer in charge  
of the work of cleaning up Con-  
stantinople. "If the plague is al-  
lowed to breed here in the Near  
East sooner or later it will reach  
England and America. And its  
ravages if allowed to spread will  
exceed those of the so-called in-  
fluenza."

Eastern Macedonia has been a  
battleground for centuries and  
which since 1912 has been fought  
over again and again is today a  
horrible mess. The early summer  
sun is breeding flies and mosqui-  
toes by the millions, the unhealthy  
Struma Valley is steaming with  
malarial vapors, the streets of  
Drama, Serres, Kavalla, Xanthi,  
and the hundreds of other small  
villages are filthy beyond belief.

The returned refugees live in  
shell-shattered ruins under sani-  
tary conditions unspeakable. Their  
rags are alive with vermin. From  
the big Red Cross warehouse at  
Kavalla housing three hundred  
families of refugees from five to  
a dozen dead from typhus have  
been removed daily last month.

The refugees were easy victims after  
many months of semi-starvation  
in Bulgaria.

The children of Eastern Macedo-  
nia are pitiful sights, suffering  
the results of semi-starvation  
with their little ribs showing  
plainly through their taut drawn  
flesh. With hollow lack-luster  
eyes, they lie about on the streets  
in the sun indifferent to their fate.

Each day tens of thousands of  
leaves of bread are distributed by  
the Red Cross in dozens of Ser-  
bian, Macedonian and Rumanian  
cities. Bales of clothing are given  
out to the neediest. Serums  
against disease are injected in  
thousands of peasants and "de-  
lousing" baths are given to those  
living in crowded centers.

**LONGS FOR CALM  
OF PRISON LIFE.**  
Paris, —Raoul Villain, after  
being acquitted of the charge of  
murdering the Socialist leader  
Jaures, has rejoined his family  
at Auxerre, a town of 12,000 in-  
habitants, the capital of the  
Yonne department. Every even-  
ing since his arrival the youths  
of Auxerre assemble in front of  
his residence and serenade him  
with rudimentary musical instru-  
ments. Villain is said to take  
during the concert and to recall  
with regret the years he spent in  
the calm of Sanite prison awaiting  
trial.

### "With the Colors"

Letters of Interest from Morgan County Boys in the Country's Service.

FROM LIEUT. GLEN W. RANDLE.

The following letter has been received by Rev and Mrs. G. W. Randle from their son, Lieut. Glenn W. Randle, Salvage Unit 319, G. M. C. (Etain) France, American Expeditionary Forces, A. P. O. 747, April 23, 1919.

Dear Folks:—I return your salute for myself and members of Salvage 319, "Company Aten-shun" "Open ranks—March" "Sir the company is prepared for inspection. You ask me why I don't write about my men. I shall probably be able to tell you about them better than I could write; how-

ever, they are far from common-place, and on the whole, are a very likeable crowd. You ask me if they swear by me, or at me. I suppose that sometimes they swear at me, but right now the majority are swearing with me, for it seems that we never are going to get out of this country, altho it seems more favorable now than it ever has. The latest rumors are that all troops, exclusive of the army of occupation are to be out of France before the first of July. The 79th Division is sailing in two weeks; we were scheduled to sail in June.

I understand a great many divisions are sailing ahead of their schedules. All advance Section troops have to evacuate their area by May 10th. All Salvage dumps in the Advance section are closed

with the exception of the two dumps that I have at Etain and Buzy and the '315' dump at Toul. We are virtually closed now, having received orders to that effect not to receive any more salvage material, however, we are not under traveling orders. There is a possibility that we will go to St. Pierre des Corps, a town near Tours. This is the location of the Central Salvage Depot. Maybe that we will go there to help clean up; but am hoping that we will stay here long enough that the greater part of the work will be done there. In the event that we do not go to St. Pierre des Corps, it will be a base port for ours.

In the preceding paragraph I spoke of the two dumps in my charge. I don't believe that I told you that I had charge of two dumps. Two weeks ago, Salvage Company 14 moved out, and I was ordered to take over the Buzy dump and run it in conjunction with the Etain dump. Practically everything in the two dumps is engineer material; but iron, railroad iron, narrow gauge tracks, barbed wire trench pumps, screw pickets, etc. When I took charge of Etain Dump material had been salvaged out of the area by 804th Pioneer Infantry and dumped in a narrow neck up to the Belgian border, taking in Longwy. This province comprises the rich coal mine regions of France. It is situated between the Lorraine border and the province of the Meuse, in which we are now. Etain being just across the line. I will send you a map and you can dope it out for yourself, however this province got its name from the two rivers Meurthe and Moselle.

You ask what effect the war has had upon Mason. It has no doubt aged him, as it has every one over here, especially those who saw service at the front, but as for him being serious and sedate, that is a different proposition. He may be, after returning home, but when I saw him, he was inclined to be more frivolous than I ever knew him to be. Probably a reaction from the serious business of war. There is a change in him, an inexplicable change which is hard to define, a nameless something about him and countless others that he himself can't explain or anyone else.

You spoke of receiving a letter from Mason from London. I also received one, dated, the 26th of March. He said he had a good trip, going by the way of Brussels, Paris, Lellharve, Liverpool, and London. School was scheduled to open April 29th, and he had received \$2.00 a day extra pay, and had permanent pass all over England, Ireland, Scotland and Wales. He is very fortunate and I am glad to see him get the opportunity. I believe that he deserves some good fortune, however, he will not get home until the latter part of June, at which time school closes.

As up to see Ellis Nelson, a couple of weeks ago, in the motorcycle. Haq quite a nice visit, and stayed all night with him. His battery is at present located at Lawrenceville, Luxembourg. The thirty third is scheduled to go home in May.

You ask what the heading of my letter is: "Mourthe et Moselle" was. That is the name of the State that we were in at the time. It is that province bordering on the Lorraine frontier. It takes in the principal cities of Nancy, Verdun, Conflans and extends in a narrow neck up to the Belgian border, taking in Longwy. This province comprises the rich coal mine regions of France. It is situated between the Lorraine border and the province of the Meuse, in which we are now. Etain being just across the line. I will send you a map and you can dope it out for yourself, however this province got its name from the two rivers Meurthe and Moselle.

I have kicked myself a number of times for not getting a camera and capturing some of the scenery especially around Luxembourg City; it is wonderful. I have been in Luxembourg City a number of times but never think to get a camera. There are some of the best in the world sold in this little city. Captain Bowers, the old C. O. of troops coming over was located in Etain for some time. He was superintendent of railroad division between Verdun and Conflans. He bought a camera in Luxembourg, giving three hundred francs for it, vest pocket size.

You ask what effect the war has had upon Mason. It has no doubt aged him, as it has every one over here, especially those who saw service at the front, but as for him being serious and sedate, that is a different proposition. He may be, after returning home, but when I saw him, he was inclined to be more frivolous than I ever knew him to be. Probably a reaction from the serious business of war. There is a change in him, an inexplicable change which is hard to define, a nameless something about him and countless others that he himself can't explain or anyone else.

No thank you I don't care for a job in Uncle Sam's civil salvage department. I have had enough over here. The duties of a salvage company consists largely in establishing a dump in a given area, and receiving the salvage out of the field. We provide

shelter for same, sort and classify it, and ship it to its proper destination. The various depots according to its kind of material—ordnance, engineer, signal or medical. These various branches have depots situated throughout the country as well as repair shops to handle the serviceable and unserviceable materials pertaining to its service. For instance dirty clothing in fairly good condition is sent to the laundry maintained by salvage service and from there to the Q M depot for reissue, if it is unserviceable it is sent to the laundry then repair shop where it is mended by civilian labor and then to the depot for reissue.

I have a few souvenirs that I am going to start home pretty soon. A German rifle for one thing, and I also have a couple of German helmets, one non-com and one officers. Don't know whether I will send them, or carry them; also have a few shells, anti-tank and anti-aircraft. Souvenir hunting has lost its interest.

I did not receive the clipping you spoke of in your last letter. I received the Birthday package the morning of the 16th. Just in time. You could not have sent me a better gift, appreciated it very much and thank you for the remembrance. Spent my birthday going to Toul to get the pay roll. It rained all the way down and was soaking wet when I got there. Bought me a new trench coat, and ordered a new suit for 260 francs and dark whip cord. Plan on having it to wear home.

Sorry to hear of old Wesleyan moving from Bloomington, however I guess it is for the best. No, you did not write me that Hubert Ryan was attending a British school. How rapidly events take place! Who thought four years ago when we first moved to New Holland that Mason and Hubert Ryan would be attending British Universities and I would be within ten miles of Verdun, France.

It may be that I am changed. That remains for you to judge, but have not been conscious of any change in myself. I only hope it is for the better.

Had a couple of pictures taken at Conflans the other day and will send you a couple when they are finished. Have not visited the underground city at Verdun, but hope to before I leave. Sergeant Reeve obtained a note of introduction from the French Reconstruction Officer here with whom we are on good terms to the officer in charge of the Citadel at Verdun. He was furnished with a guide thru the underground city. Had quite a good time.

Sent five of my men on seven-day leave last week to Cannes (Alpes-Maritimes). It is about twenty-five kilometres from Nice. Do not think I will take leave myself. If I do, it will be to Toulouse. One of the men I sent on leave is quite a character. He is an old bachelor and is the best housekeeper I have in the outfit. He used to look after my office and sleeping quarters. He is booming with the sergeants, and will not allow any of them to

do any of the work around the room, also a fiend for fresh air. There is a room next to the Sergeants' room which he calls his open air chamber. The window, door and ceiling are out a French window, too. Every night he strips down to his undershirt, puts on a knitted helmet and goes in to bed. Sergeant Kelly (that is my Irish Sergeant,) says that when he comes in in the morning with his shirt tail flapping, to build the fire, that he looks like a June Bug with his wings cut off.

Well, I guess I must bid you Bon jour as I have to make another trip to Toul today to put in the April pay roll and try on my new suit. I hope the next letter you receive from me will be from a base port.

Love to all  
"SLATS."

Showing the World What 600,000 Owners Know

A stock Model 90 Overland touring car again proved its stamina by smashing completely the world's non-stop high gear record. This test was made in Oklahoma. The car was sealed in high gear and the shift lever was removed. Not once was there the slightest mechanical trouble, the least hesitation, or the faintest break in the smooth, even action of the Overland motor.

This standard car is an exact duplicate of the Model 90 we will be glad to show you.
